76. COOPERATIVE AGREEMENT (Optional Language)

Contractor agrees or does not agree (make a selection by an "X" mark) that during the term of this agreement and any authorized extension, the Director of Purchasing may allow other public agencies or non-profits made up of multiple public agencies to utilize this agreement to obtain some or all of the services and/or commodities to be provided by Contractor under the same terms and conditions as the City, pursuant to a Board of Supervisor Resolution.

77. CONTRACT PRODUCT / SERVICE QUALITY REPORT

The attached report form (Attachment A) will be provided to departments using this Contract. Users of the contract may complete and return these reports at any time during the life of the contract. The purpose of the report is to monitor contractor performance and determine supplier successes or shortcomings. Each report will be sent to the awarded supplier/contractor. They will have an opportunity to respond to the information provided by the department. Quality reports that go unresolved to the satisfaction of the Purchaser may be used as a basis for commencement of partial or complete contract default proceedings.

78. NONDISCLOSURE OF PRIVATE INFORMATION

Contractor agrees to comply fully with and be bound by all of the provisions of Chapter 12M of the San Francisco Administrative Code (the "Nondisclosure of Private Information Ordinance"), including the remedies provided. The provisions of the Nondisclosure of Private Information Ordinance are incorporated herein by reference and made a part of this Contract as though fully set forth. Capitalized terms used in this section and not defined in this Contract shall have the meanings assigned to such terms in the Nondisclosure of Private Information Ordinance. Consistent with the requirements of the Nondisclosure of Private Information Ordinance, Contractor agrees to the following:

- A. Neither Contractor nor any of its Subcontractors shall disclose Private Information obtained from the City in the performance of this Contract to any other Subcontractor, person, or other entity, unless one of the following is true:
- 1) The disclosure is authorized by this Contract;
 - 2) The Contractor received advance written approval from the Contracting Department to disclose the information; or
 - 3) The disclosure is required by law or judicial order.
- B. Any disclosure or use of Private Information authorized by this Contract shall be in accordance with any conditions or restrictions stated in this Contract. Any disclosure or use of Private Information authorized by a Contracting Department shall be in accordance with any conditions or restrictions stated in the approval.
- C. Private Information shall mean any information that: (1) could be used to identify an individual, including without limitation, name, address, social security number, medical information, financial information, date and location of birth, and names of relatives; or (2) the law forbids any person from disclosing.

- D. Any failure of Contractor to comply with the Nondisclosure of Private Information Ordinance shall be a material breach of this Contract. In such an event, in addition to any other remedies available to it under equity or law, the City may terminate this Contract, debar Contractor, or bring a false claim action against Contractor.

79. GRAFFITI REMOVAL

Graffiti is detrimental to the health, safety and welfare of the community in that it promotes a perception in the community that the laws protecting public and private property can be disregarded with impunity. This perception fosters a sense of disrespect of the law that results in an increase in crime; degrades the community and leads to urban blight; is detrimental to property values, business opportunities and the enjoyment of life; is inconsistent with the City's property maintenance goals and aesthetic standards; and results in additional graffiti and in other properties becoming the target of graffiti unless it is quickly removed from public and private property. Graffiti results in visual pollution and is a public nuisance. Graffiti must be abated as quickly as possible to avoid detrimental impacts on the City and County and its residents, and to prevent the further spread of graffiti.

Contractor shall remove all graffiti from any real property owned or leased by Contractor in the City and County of San Francisco within forty-eight (48) hours of the earlier of Contractor's (a) discovery or notification of the graffiti or (b) receipt of notification of the graffiti from the Department of Public Works. This section is not intended to require a Contractor to breach any lease or other agreement that it may have concerning its use of the real property. The term "graffiti" means any inscription, word, figure, marking or design that is affixed, marked, etched, scratched, drawn or painted on any building, structure, fixture or other improvement, whether permanent or temporary, including by way of example only and without limitation, signs, banners, billboards and fencing surrounding construction sites, whether public or private, without the consent of the owner of the property or the owner's authorized agent, and which is visible from the public right-of-way. "Graffiti" shall not include: (1) any sign or banner that is authorized by, and in compliance with, the applicable requirements of the San Francisco Public Works Code, the San Francisco Planning Code or the San Francisco Building Code; or (2) any mural or other painting or marking on the property that is protected as a work of fine art under the California Art Preservation Act (California Civil Code Sections 987 et seq.) or as a work of visual art under the Federal Visual Artists Rights Act of 1990 (17 U.S.C. §§ 101 et seq.)

Any failure of Contractor to comply with this section of this Contract shall constitute a default of this Contract.
