9. If your project is an equipment request, please find the Authorized Equipment List number from the www.rkb.us website and list it on the FY09 Budget Worksheet. WITHOUT AN AEL NUMBER THE REQUEST IS INELIGIBLE. There will be a separate

AEL# for each type of equipment that is being purchased.

Project Narrative: Please note that the spaces below will expand & rollover to the next page as text is entered, and thus you are not limited to the amount of narrative provided per space.

10. Is this a new project? If not, provide the project name, the grant title and year funded, along with the TOTAL amount of grant funding that this project has received to date.

No. A continuation of the effort that has been funded by FY08 SHSGP. \$50,000 appropriated from prior year.

11. Project Description. This response should include the current state of the project, objectives that will be accomplished, capability gap that this project is intended to address and accomplishments to date supporting the project.

The City and County of San Francisco Emergency Response Plan requires the activation of the Emergency Operations Center (EOC) along with activation of the Fire Department Operations Center (FDOC) when the scale of an incident requires that level of involvement. This project would provide backfill for SFFD officers that would attend ODP and NIMS sanctioned training. Due to minimum staffing requirements many officers would not be able to attend the training unless backfill was provided. This program would be supportive of the goal of minimum training standards that have been set by DEM.

12. Please provide the major milestones for this project and a timeline that ensures the project will be started within 90-days of receiving the grant award and completed by the end of the grant performance period (performance period ends September, 2011).

Assess training needs first 90 days

Deliver program to target audience during the performance period.

Evaluate effectiveness by including more SFFD personnel in DEM sponsored functional exercises

13. In the table below, please identify the state investment justification(s) and strategic plan goal(s) that your project supports. Check at least one box from Sections I and one box from Section II.

I. State Investment Justifications (check one or more):

1. Strengthen communications capabilities
2. Strengthen information sharing, collaboration capabilities and law enforcement investigations
3. Strengthen medical and public health preparedness
4. Enhance protection of critical infrastructure and key resources (enhance transportation and maritime security)
5. Citizen preparedness and participation
6. Enhance agriculture, food systems and animal health preparedness
7. Enhance catastrophic incident planning, response and recover
8. Enhance Homeland Security exercise, evaluation and training programs

II. City and County of San Francisco All-Hazards Strategic Plan (circle one or more):

1. Develop, maintain, and sustain a citywide, comprehensive, risk-based emergency management and homeland security program
2. Enhance the City's emergency management and homeland security training and exercise program
3. Ensure sufficient voice and data communication capabilities are in place to allow for effective inter-agency, multi-jurisdictional communication.
4. Improve community disaster preparedness and response capabilities
5. Secure the City leadership's commitment and adequate, sustainable funding for emergency management and homeland security capabilities, and define the DEM/DES role.
6. Build the City's threat gathering and analysis capabilities
7. Strengthen chemical, biological, radiological, nuclear and explosive detection capabilities
8. Develop and implement a comprehensive critical infrastructure protection program
9. Ensure consistent use of the National Incident Management System and Incident Command System
10. Improve the functional and operational capabilities of Department Operating Centers
11. Identify and formalize a resource logistics and distribution strategy.
12. Coordinate and participate in regional efforts to effectively utilize volunteers
13. Coordinate and participate in regional efforts to effectively manage donations
14. Improve chemical, biological, radiological, nuclear and explosive/weapons of mass destruction/hazardous materials response and decontamination capabilities
15. Work with regional groups to develop evacuation and/or shelter-in-place plans and procedures
16. Strengthen joint information center and emergency public information and warning capabilities
17. Enhance public health, healthcare, and medical examiner readiness
18. Strengthen mass care (sheltering, feeding, and related services) capabilities
19. Enhance structural damage assessment capabilities
20. Build the City's capabilities to restore lifelines and facilitate economic and community recovery following a major incident

14. Describe how the project supports the identified Strategic Plan goals.

The program would be supportive of Strategic Goals 1, 2, 5, 9 and 10. The opportunity to attend training would enhance emergency management and would improve the Fire Department's ability to provide qualified and trained individuals in positions that will improve the functional and operational capabilities of

the EOC and FDOC. The consistent use of NIMS and ICS would be guaranteed. The funding of this program would leverage the training opportunities that are provided by our Department of Homeland Security and ODP partners.

15. Is the project regional in nature? If yes, please explain. (Projects with a regional scope may be eligible for additional funding opportunities.)

Yes. The training would prepare SFFD officers to respond as part of an Incident Management Team throughout the region.

16. How does enhancing the local capabilities enhance the regional capabilities?

Yes. The training would prepare SFFD officers to respond as part of an Incident Management Team throughout the region.
