American Metal Market computes its monthly averages of prices based on the number of actual working days in each month and does not include weekends and holidays. Thus, when a price change occurs on the first of a month which falls on a weekend date, for example, the change is published as effective the first, but that day is not added to the averages.

Scrap Metal Pick Up/Delivery Form

Instructions:

1. Coordinate with Circosta Iron and Metals at 415-282-8568 x106 for delivery and pickup of containers.
2. Departments are responsible for loading scrap metal into delivered containers.
3. Contractor is only responsible for delivering and picking up containers.
4. Ensure that garbage or hazardous materials are not placed in the containers.
5. Complete a separate form for each load picked up by or delivered to the Contractor.
6. Provide copy to Contractor's driver and retain file copy for departmental files.
7. Fax completed form to 415-554-6393 or send as email attachment to [sfgovrecycling@sfenvironment.org](mailto:sfgovrecycling@sfenvironment.org)
