### **Version 1.3 revision summary August 8, 2016:**

1. Updated List of Four new Tier 1 Contractors
2. OCA Staff Contact information updated:

---

**I.  
Introduction**

- Technology Marketplace is the successor to the Technology Store.
  - A more effective and efficient process for purchasing technology-related goods and services.
  - Name change reflects the need to facilitate a wider array of technologies and expertise for the City while expanding opportunities for small and local businesses.
  - Points of contact:
    - Contact OCA for assistance in purchasing and contracting.
    - Contact Department of Technology (DT) for technical assistance.
- 

**II.  
Overview &  
Contracting  
Tiers**

- Through an RFP process, the City has established a prequalified pool of technology contractors that provide Information Technology (IT) goods and services.
- Solicit quotes from all of the applicable Marketplace contractors within a selected tier (Tiers 1, 2, or 3) to maximize competition.
- Request quotes from contractors within a selected contract tier. **Don't** mix contract tiers when requesting quotes.
- The following contracting tiers are established under the Technology Marketplace.

**Tier 1: Contracts greater than \$10M**

Provides professional and specialized services, technology products, equipment, and maintenance and training services

**Tier 2: Contracts less than \$2.5M**

Provides technology products, consulting, maintenance and training services

**Tier 3: Micro-LBE Set-asides for contracts less than \$100,000 or \$400,000**

Provides computer equipment (cap of \$100,000) for computer services and maintenance (cap of \$400,000)

---

**III.  
Technology  
Marketplace  
Contractors**

**Tier 1A – Generalists**

- Central Computers
- ComputerLand of Silicon Valley
- En Pointe Technologies, Inc.
- Technology Integration Group
- World Wide Technology, Inc.
- Xtech JV

**Tier 1B – Specialists**

- InterVision Systems Technologies, Inc.
- Robert Half Technology
- Stellar Services

**Tier 2A – Generalists**

- Ameritech Computer Services, Inc.
- Bridge Micro
- Dynamic Systems, Inc.
- SNS-SF, LLC JV

**Tier 2B – Specialists**

- AcademyX, Inc.
- C M Pros
- SoftNet Solutions

---

**Tier 1B-Specialist Continued**

- Cornerstone Technology Parnters II JV
- Learn IT!
- SoftNet Solutions
- United Layer

**Tier 3: Micro-LBE Set-asides**

- a. **Computer Hardware, Software & Peripheral Equipment – EQ108**
  - Beta Nineties Computer, Inc.
  - Diamond Technology, Inc.
  - Toptek Micro Center, Inc.
- b. **Computer Systems Equipment Maintenance and Repair – GS093**
  - Beta Nineties Computer, Inc.
  - Epic Machines, Inc.
- c. **Computer System Services – GS109**
  - Beta Nineties Computer, Inc.
  - Delta Computer Solutions, Inc.
  - Diamond Technology, Inc.
  - Farallon Geographics, Inc.
  - Xterra Solutions, Inc.
- d. **Database Development and Analysis – GS132**
  - Farallon Geographics, Inc.
  - Delta Computer Solutions, Inc.
  - Diamond Technology, Inc.

---

**IV.  
When to use**

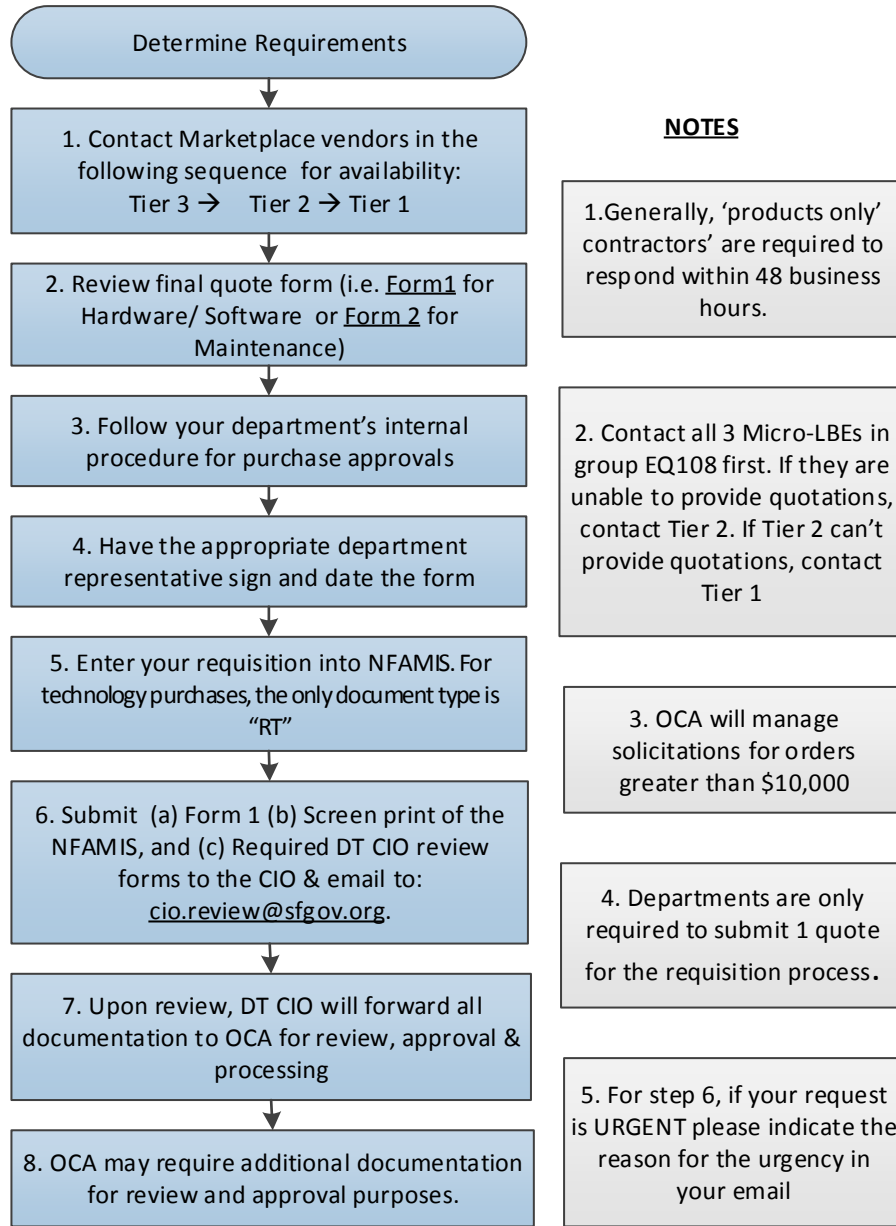

- a. Use for acquiring computer and IT-related goods; i.e., technology-related hardware or software products.
- b. Use for IT professional services after department has exhausted every reasonable effort to first obtain these services, engaging internal staff or through work ordering staff from another City department. Please note that IFPTE Local 21 will review all professional services requests.

**Exceptions:**

- Marrying subcontractors: Departments shall not pre-select a subcontractor for a particular project and insist that one of the Marketplace contractors use that subcontractor. It is the Marketplace contractors' responsibility to quote the best possible solution (including a subcontractor) for your requirement.
  - Software Enterprise Agreements: The following software Enterprise Agreements are administered by DT. For assistance, please contact DT at: [CityEA@sfgov.org](mailto:CityEA@sfgov.org)
    - Adobe
    - VMware – All VMware software products and training credits
    - Microsoft EA Products
    - Microsoft Office 365 Subscription Services
    - CommVault Simpana Products
  - Grant-Funded Purchases: Grants may have special provisions that conflict with the terms and conditions of Technology Marketplace contracts.
  - Sole Source Transactions: Do not use Technology Marketplace contracts for proprietary goods or services that are only available from a single source.
  - Projects \$2.5 Million and Over: The department will be required to issue an RFP outside of the Technology Marketplace contract for awards above this threshold.
-

V. **Ordering Hardware / Software & Maintenance**

The process flow for ordering through the Marketplace is:

**VI.  
Ordering  
Guidelines  
for Hardware,  
Software &  
Maintenance**

- 
- a. Forms 1 and 2: These are available on the OCA website: <http://sfgsa.org/index.aspx?page=384> Process is as follows:
- Department requests a quote from a Technology Marketplace contractor.
  - Contractor prepares your quote, using Form 1 for Hardware and Software agreements, Form 2 for Maintenance Agreements and submits it to you for review and acceptance.
  - Department ensures that the correct form was used and all required fields are filled-in completely. Incomplete forms will be returned.
- b. Delivery/Invoicing/Payment Address: Fill in all fields for delivery, invoice and payment address information even if they are identical. Correct address in NFAMIS if it is different.
- c. Competitive Bidding:
- For orders \$10,000 and below: Competitive bidding isn't required. However, it is recommended that departments solicit more than one quote within a selected Tier (Tiers 1, 2, or 3) to maximize competition.
  - For orders over \$10,000: Submit a requisition and OCA will manage the competitive solicitation process for departments by using the new WebProcure e-procurement system.
- d. Pricing: See Appendix F
- e. Used products: Purchasing used products through the Technology Marketplace is expressly prohibited. In rare situations, refurbished products may be considered. In extremely rare instances, reconditioned or used products are allowed.
- f. Cancellations: Cancellations must be requested through OCA prior to delivery for non-special or non-standard hardware and software products.
- g. Deliveries: All products shall be:
- Delivered inside the building free of charge and should designate "FOB Destination."
  - Delivered within 10 City business days after contractor receives purchase order, unless the product is not available from manufacturer/distributor.
  - If there is a delay in delivery, contractors are required to notify ordering departments within 72 hours.
- h. Returns: Departments will be credited in full for all unopened products from Cisco, Dell, HP, and IBM within 30 calendar days of delivery without any restocking fees. For all other products, contractors may pass restocking fees
- 

---

from third party suppliers. Administrative costs & handling fees are not allowed.

- i. Warranties: Authorized contractors must offer or facilitate warranty services for products sold through the Marketplace, and pass title of product purchased to the City within 48 business hours.
  - j. Prepayments: No prepayments are allowed in advance or for orders not delivered in full for hardware and software agreements. Prepayment may be allowed in some cases for software maintenance services only. Departments should fully understand compliance requirements in such cases.
  - k. Packing Slips:
    - All deliveries should be accompanied by a packing slip that shows the purchase order number, a complete list of items delivered, and the department name and a contact person.
    - Keep all packing slips for your files and provide a copy with the invoice for the order submitted following your department procedures.
  - l. Substitutions: Substitutes are not allowed without approval from the ordering department.
  - m. Maintenance: State the terms of maintenance on the quote form and in the NFAMIS requisition. Maintenance of any kind must be ordered separately from a Hardware/Software order, unless it is included with the original purchase. For exceptions, contact OCA staff.
-

---

**VII.  
Professional  
Services  
Guidelines**

Professional services may include project management, software development, network installation, system design, training, and other services related to the identification and deployment of technology needs. Besides the guidelines mentioned in Section V, the following apply for professional services:

- a. Upfront planning: Seek professional services after you have; **(a)** clearly defined the requirements and scope of project, **(b)** determined deliverables and schedule, and **(c)** determined that the services are not available either through your staff or any other City department (including DT on a work-order basis). If a Marketplace contractor is contacted for a quote, the quote should include a request for training and a plan for the contractor to transition the project to City staff that will maintain and support the project on an ongoing basis.
- b. Local 21: Departments are required to justify their decision as to why the project requires the use of an outside contractor by filling Local 21's web form (available at <http://www.ifpte21.org/content/information-request-personal-services>) for their review. Submit this form at the same time Form 3 is submitted with supporting documentation for DT CIO review.
  - Contact Local 21 at 415-864-2100, Emma Erbach [eerbach@ifpte21.org](mailto:eerbach@ifpte21.org) to discuss your project as early as possible. Local 21 will generally review within 10 business days.
  - If Local 21 objects to the request for services, they will attempt to resolve the issue directly with your department. If agreement can't be reached, the department shall submit the request through the Civil Service Commission for a determination.
- c. Competitive bidding:
  - For orders \$10,000 and below: Competitive bidding is not required. However, it is recommended that departments solicit quotes from all of the appropriate Tiered Marketplace contractors to maximize competition.
  - For orders over \$10,000: Departments will manage the competitive bidding process.
- d. Pricing: See Appendix F
- e. Progress Payments: Progress payments are recommended on the receipt of specific deliverables for large or complex projects that may be long in duration; e.g., six months. These payments should be carefully scheduled based on the size of the deliverable performed, and include a final payment upon completion and acceptance of the project.
- f. Retention: It is recommended that departments retain 10% of every invoice for professional service projects over \$100,000. This retention will be recognized at the

**DON'T  
MIX  
TIERS!!**

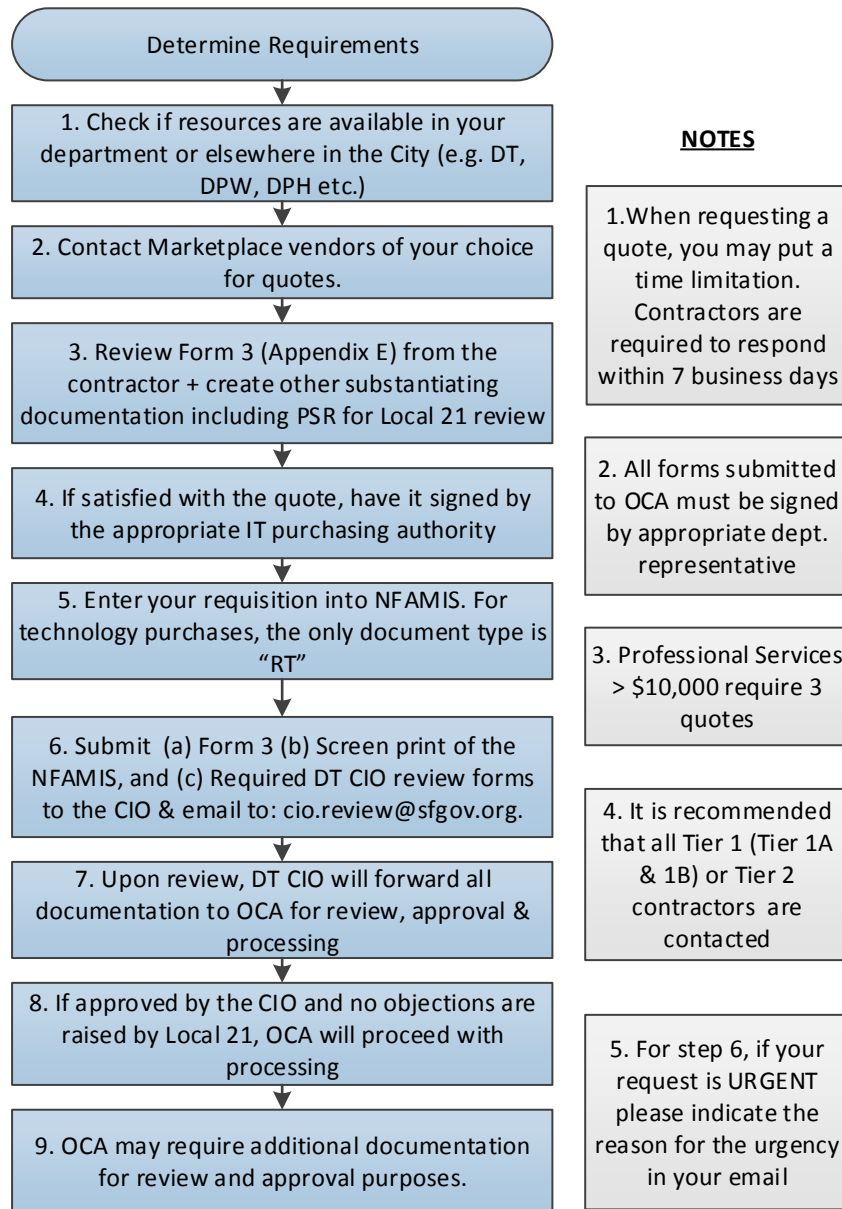

---

end of every invoice received from the contractor until final acceptance. Upon final acceptance of the project, the contractor will submit a final invoice, which includes the total retention remaining on the project.

- g. Order Cancellations: Department may cancel an order for professional services at any time, but will likely be required to pay for any services or products received prior to cancelling the order.
- h. Contracts other than Technology Marketplace: The contracts between the City and the Technology Marketplace contractors are the governing contract for any goods or services acquired through the Marketplace. Departments should **not** execute a separate contract or amendment with a contractor for professional services. If contractors request that you sign or initial the Statement or Scope of Work (SOW), the SOW may not add, change or delete any of the Technology Marketplace contract terms and conditions.
- i. Bonds: High dollar value projects that are complex, long-term or high-risk, may merit a performance bond or labor and materials bond. Bonds should be considered on a project by project basis weighing such factors as added expense, risk, and the protection offered by various bonding options after consulting with the Risk Manager, City Attorney or OCA.

**VIII.  
Ordering  
for  
Professional  
Services**

The process flow for ordering professional services through the Marketplace is:

**IX.**  
**Sample**  
**Project**  
**checklist**

---

While each Professional Service request is different, below is a sample checklist that can be used. For any questions, contact OCA.

CHECK	ACTION ITEM
<input type="checkbox"/>	Meet with Department staff affected by this project.
<input type="checkbox"/>	Complete a preliminary SOW with project requirements and schedule.
<input type="checkbox"/>	Review the project requirements with DT.
<input type="checkbox"/>	Discuss project requirement with Marketplace contractor(s).
<input type="checkbox"/>	Request quote and supporting documentation from Marketplace contractor(s).
<input type="checkbox"/>	Review the quote for content accuracy and form.
<input type="checkbox"/>	Complete Form 3.
<input type="checkbox"/>	Have Form 3 signed by the Department IT Manager and/or Department Head.
<input type="checkbox"/>	Prepare all required supporting documentation.
<input type="checkbox"/>	Submit the project to the DT CIO and Local 21 for review.
<input type="checkbox"/>	No objections raised by Local 21 or issues resolved.
<input type="checkbox"/>	No objections raised by DT CIO or issues resolved.
<input type="checkbox"/>	Prepare milestones to payments schedule.
<input type="checkbox"/>	If required, Marketplace contractor submits a bond.
<input type="checkbox"/>	If required, prepare a cost benefit analysis.
<input type="checkbox"/>	If required, prepare a risk analysis
<input type="checkbox"/>	If required, submit a detailed list of subcontractors with contact information, names of staff working on project and payment schedule from Marketplace contractor to subcontractor.
<input type="checkbox"/>	If required, submit a copy of the agreement between the subcontractor(s) and the Marketplace contractor.
<input type="checkbox"/>	If required, notify the Marketplace contractor that the 10% retention policy will be in effect for this project.

---

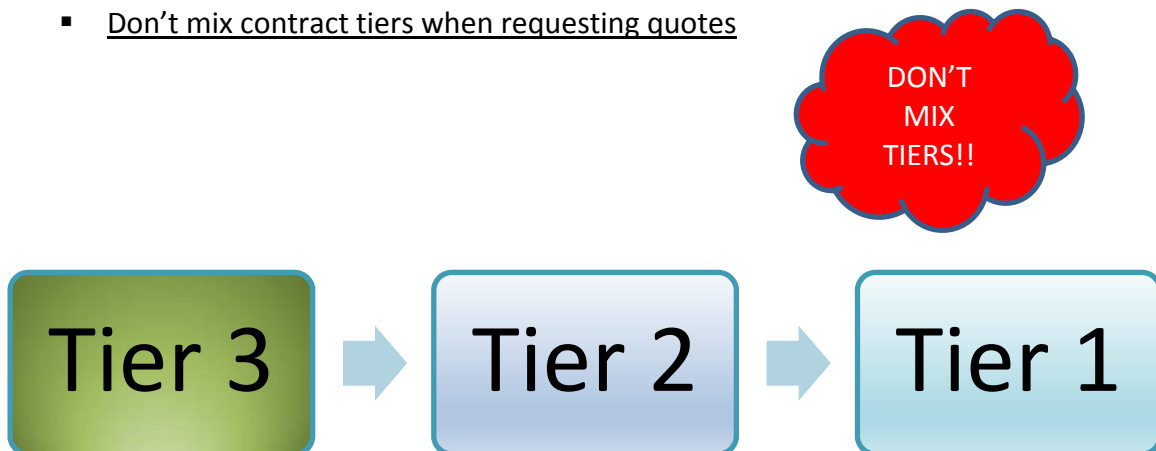

**X:  
Tier 3:  
Micro-LBE  
Set Aside**

- Tier 3 Micro-LBE set aside contracts are limited to orders totaling \$100,000 for products and \$400,000 for General and Maintenance Services. For example, if departments submit the following orders against Contractor X’s EQ108 - Products contract: Order 1 by Port for \$5,000, Order 2 by Rec & Park for \$75,000, Order 3 by SFPD for \$19,000 and, Order 4 by DT for \$8,000, then the first three orders total \$99,000 and will be accepted. DT’s order is in excess of the \$100,000 contract cap. DT has the option of decreasing their order to \$1,000 or less to utilize this contract, or purchasing from another contractor.
- The City has awarded Micro-LBE set-aside contracts in the following thresholds.
  - a. Contracts up to \$100,000 (Products only)
    - Computer Hardware, Software and Peripheral Equipment (EQ108)
  - b. Contracts up to \$400,000 (General services)
    - Computer Systems Equipment Maintenance and Repair (GS093)
    - Computer System Services (GS109)
    - Computer Training (GS131)
    - Database Development and Analysis (GS132)

Refer to Appendix G, for contractors awarded under the above Micro-LBE categories.

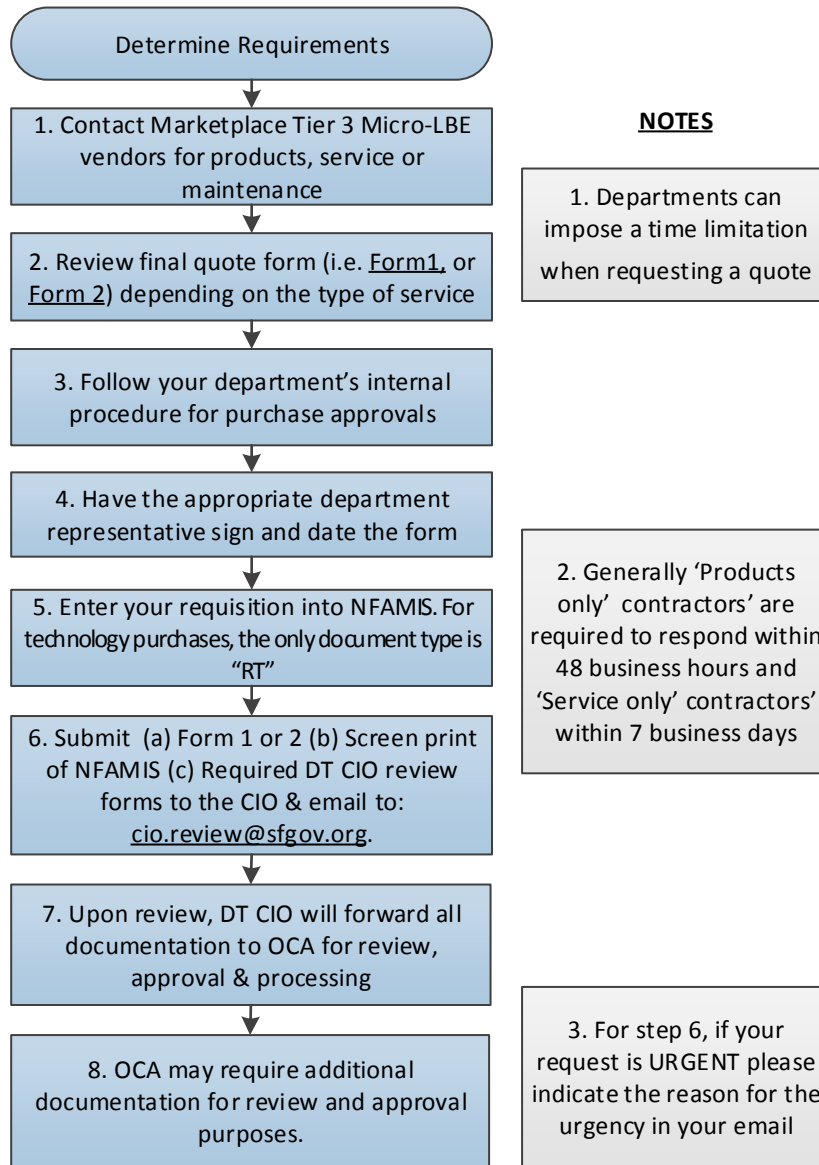

**Note:** It is highly recommended that all Tier 3: Micro-LBE contractors are contacted first to provide quotations. If none of the Tier 3 contractors can provide a quote, then contact Tier 2 contractors followed by Tier 1 contractors.

- Important: Always consider using the Tier 3 Micro-LBE Set-Aside contracts first
- Don’t mix contract tiers when requesting quotes

**XI.  
Ordering  
for Micro-  
LBE Set-  
asides**

The process flow for ordering through Micro-LBE Set-aside contracts is:

## Appendix E: Technology Marketplace Forms

Please click the following link to access the latest Technology Marketplace forms directly from the OCA website:

<http://sfgsa.org/index.aspx?page=6777>

## Appendix F: Pricing Information

### Pricing policies

#### 1. Pricing

All Technology Marketplace Contractors will be required to extend their most favorable pricing for products and services to the City during the term of the Agreement. This most favorable pricing must be at least equivalent to the pricing that the Contractor makes available to major companies or other public entities comparable in size and/or requirements to the City.

#### 2. Verification of Contractor's prices

Within 7 days of a request, the Contractor must provide evidence of the manufacturer's list price or the actual cost to the Contractor of products and services or subcontracted services sold through the Technology Marketplace as applicable. "Evidence" may consist of an actual manufacturer's price list, a letter provided on the manufacturer's letterhead containing a contact name, signature and telephone number for the manufacturer's representative or actual invoices from manufacturers or distributors or subcontractors to the Contractor for products and services purchased by the City.

#### 3. Violation of pricing requirements

Contractor will abide by the pricing policy of Section G.1. If Contractor is found to charge prices higher than those agreed upon in this Agreement, the Contractor must reimburse the City for the excess charges and Contractor may be prohibited from doing business with the City for a period of up to 3 months. If upon a second inspection, Contractor is found to still be charging the City prices higher than those agreed upon in this Agreement, the City in its sole and absolute discretion may terminate this Agreement.

#### 4. Pricing offered to other customers

Should a Contractor participate in any government, educational, or other special pricing program; e.g., CMAS, GSA, Western States Contracting Alliance, etc., the Contractor must make the same pricing available to the City.

#### 5. Mandatory federal and state fees

Contractor shall be responsible for collecting applicable federal and state mandatory fees with no additional cost or markup to City, and shall be responsible for remitting the fees to the appropriate agency, including, but not limited to, the California Electronic Waste Recycling Fee: <http://www.boe.ca.gov/sptaxprog/ewaste.htm>.

#### 6. Payment for Travel Expenses and Other Direct Costs (ODC)

The need for travel under this Agreement or ODCs shall be approved in advance of the date of travel in writing by a memo stating the dates of the travel, the purpose, the planned expenses by person, with the City's Project Manager's dated signature indicating approval. Reimbursable expenses shall include actual direct costs (with no markup) of expenses directly incurred by Contractor. Payments will be made by City to Contractor within 30 days after the City

## Appendix F: Pricing Information

has received Contractor's invoice for expenses, submitted in compliance with the United States General Services Administration per diem rates (CONUS) for San Francisco at <http://www.gsa.gov>.

The following items will be eligible for reimbursement as ODCs:

a. Contractor's out-of-town travel ("out-of-town" shall mean outside the nine Bay Area counties; i.e., San Francisco, Alameda, Marin, Santa Clara, Sonoma, Contra Costa, Napa, San Mateo, and Solano);

b. Contractor's out-of-town meal, travel and lodging expenses for project-related business trips, including, but not limited to:

1) Rental vehicle: Contractor must select the most economical rental agency and type of vehicle available and acquire any commercial rate or government discount available when the vehicle is rented;

2) Personal vehicle use: Contractor will be paid per mile as established by the United State Internal Revenue Service and only for that portion of travel that is outside the nine Bay Area counties. Contractor shall submit to the City an approved mileage log with his/her expense sheet;

3) Contractor meal and lodging expenses shall be reasonable and actual but limited to CONUS per diem rates.

Any expenses not listed above shall not be eligible for reimbursement.

## Appendix G: Term Contract and Vendor Number Reference Table
