City and County of San Francisco Technology Marketplace
Software License Term Sheet

This Software License Term Sheet (“Term Sheet”) is attached, and incorporated as though fully set forth therein, to each Purchase Order for Software License hereby issued by the City and County of San Francisco (“City”) pursuant to any of the Technology Marketplace Agreements identified in Exhibit 1 (“Technology Marketplace Agreements”), heretofore entered into by and between the City and those Contractors selected by City pursuant to a Request for Proposals 99400 issued by City on or about July 2018.

1. Definitions. Where any word or phrase defined below, or a pronoun used in place thereof, is used in any part of this Term Sheet, it shall have the meaning herein set forth.

Acceptance Notice from the City to Contractor that the Licensed Software meets the specifications contained in the Documentation. City’s Acceptance of the Licensed Software shall be governed by the procedures set forth in Section 5.

City Means the City and County of San Francisco, a municipal corporation, acting by and through both its Director of the Office of Contract Administration or the Director’s designated agent, hereinafter referred to as “Purchasing”.

Contractor Contractor shall mean the Contractor with whom the City has entered into the Technology Marketplace Agreements identified in Exhibit 1 and the entity to whom a Purchase Order is hereby issued for the purchase of one or more perpetual Software Licenses.

Documentation The technical publications relating to the use of the Licensed Software, such as reference, installation, administrative and programmer manuals, provided by Contractor to City.

Licensed Software One or more of the proprietary computer software programs identified in the accompanying Purchase Order, all related materials, Documentation, all corrections, patches or updates thereto, and other written information received by City from Contractor, whether in machine-readable or printed form. The Purchase Order may identify more than one software product or more than one copy of any product.

Object code Machine readable compiled form of Licensed Software provided by Contractor.

Party and Parties The City and Contractor either collectively or individually.
Purchase Order  Means the accompanying Purchase Order and any other corresponding documents, such as a Software License Agreement submitted by Contractor to City (“Corresponding Documents”) in response to a request for quote by City for the Software License Services described in the Purchase Order. The Purchase Order is issued by City to Contractor pursuant to a Technology Marketplace Agreement, which agreement is identified in the Purchase Order. The Purchase Order and all Corresponding Documents are incorporated into this Term Sheet as though fully set forth herein.

Source code  The human readable compilable form of the Licensed Software to be provided by Contractor.

Specifications  The functional and operational characteristics of the Licensed Software as described in Contractor’s current published product descriptions and technical manuals.

Term Sheet  Means this document, the accompanying Purchase Order, all attached exhibits, and all applicable City Ordinances and Mandatory City Requirements in the Technology Marketplace Agreement that are specifically incorporated into this Term Sheet by reference as provided herein.

Whenever the words “as directed,” “as required,” “as permitted,” or words of like effect are used, it shall be understood as the direction, requirement, or permission of the City. The words “sufficient,” “necessary,” or “proper,” and the like, mean sufficient, necessary or proper in the judgment of the City, unless otherwise indicated by the context.

2. Term of the Term Sheet. The term of this Term Sheet shall commence upon issuance of the accompanying Purchase Order and Corresponding Documents and shall continue in perpetuity or, if a subscription, during the term outlined in the Purchase Order and Corresponding Documents, unless sooner terminated in accordance with the provisions of this Term Sheet or the applicable Technology Marketplace Agreement.

3. License

   a. Grant of License. Contractor grants City a non-exclusive and non-transferable license to use the Licensed Software in accordance with the terms and conditions of the Purchase Order, Corresponding Documents and this Term Sheet. City acknowledges and agrees that the Licensed Software is the proprietary information of Contractor and that City has no title or right of ownership in the Licensed Software.

      Notwithstanding anything to the contrary in the Purchase Order and Corresponding Documents, and upon written request by City in the accompanying Purchase Order, Contractor agrees that in the event it discontinues its obligations under the terms of this Term Sheet, except as expressly provided for in Section 17 (Termination) of the Agreement, or ceases to market and/or provide maintenance and support for the Licensed Software, and there is no successor in interest by merger, operation of law, assignment, purchase, or otherwise, it will provide City,
without charge, one (1) copy of the then-current Source Code for all of the programs and all supporting Documentation for the Licensed Software then operating and installed at City’s locations. If City should obtain the Source Code and the Documentation pursuant to this section, the only use made of the Source Code and the Documentation will be for the proper maintenance of the Licensed Software in connection with City’s use of the Licensed Software as provided for, and limited by, the provisions of this Term Sheet.

Notwithstanding anything to the contrary in the Purchase Order and Corresponding Documents, and upon written request by City in the accompanying Purchase Order, in furtherance of its obligations as stated above, Contractor will provide to City a copy of the Source Code which corresponds to the most current version of the Licensed Software. Contractor agrees to update, enhance or otherwise modify such Source Code promptly upon its release of a new version of the Licensed Software to its other Licensees such that the Source Code is maintained as corresponding to the newest released version of the Licensed Software. City’s right to possession of the Source Code will be governed by the Accompanying Purchase Order.

b. **Restrictions on Use.** City is authorized to use the Licensed Software only for City’s municipal purposes.

c. **Copies of Licensed Software.** Notwithstanding anything to the contrary in the Purchase Order and Corresponding Documents, and upon written request by City in the accompanying Purchase Order, for the purpose of any bona fide City disaster recovery plan or with respect to the use of computer software in its municipal operations, City may make one copy of the Licensed Software for archival purposes. The use of such archival copy shall be limited to (1) the purpose of conducting limited testing of the disaster recovery plan’s procedures and effectiveness and (2) during any period subsequent to the occurrence of an actual disaster during which the City cannot operate the Licensed Software on City premises. City agrees to furnish evidence of its disaster recovery plan and procedures upon Contractor’s request.

d. **Documentation.** Contractor shall provide City with the Licensed Software specified in the Accompanying Purchase Order and Corresponding Documents and, upon written request by City in the accompanying Purchase Order, a minimum of two copies of the Documentation per installation. Contractor grants to City permission to duplicate all printed Documentation for City’s internal use.

e. **Proprietary Markings.** City agrees not to remove or destroy any proprietary markings or proprietary legends placed upon or contained within the Licensed Software or any related materials or Documentation.

f. **Authorized Modification.** City shall also be permitted to develop, use and modify Application Program Interfaces (API’s), macros and user interfaces. For purposes of this Term Sheet, such development shall be deemed an authorized modification. Any such APIs, macros or other interfaces developed by the City shall become the property of the City. Contractor has no general objections to the City’s use of third-party programs in conjunction with the Licensed Software under this Term Sheet. Contractor recognizes that City has and will license third-party programs that City might use with Contractor’s product. Contractor agrees that such use does not constitute an unauthorized modification or violate the license granted under this Term Sheet.

4. **Delivery**
a. **Delivery.** One copy of each of the Licensed Software products in computer readable form shall be delivered to City not later than thirty days upon issuance of the Accompanying Purchase Order. Program storage media (magnetic tapes, disks and the like) and shipping shall be provided at no charge by Contractor.

b. **Installation.** If applicable, and upon written request by City in the accompanying Purchase Order, Contractor shall install the programs in accordance with the terms set forth in the Accompanying Purchase Order.

c. **Risk of Loss.** If any of the Licensed Software products are lost or damaged during shipment, download, or before installation is completed, Contractor shall promptly replace such products, including the replacement of program storage media if necessary, at no additional charge to the City. If any of the Licensed Software products are lost or damaged while in the possession of the City, Contractor will promptly replace such products without charge, except for program storage media, unless supplied by the City.

5. **Acceptance Testing.** After Contractor or City, as the case may be, has installed the Licensed Software, the City shall have a period of thirty (30) days (“Acceptance Testing Period”) from the date of installation to verify that the Licensed Software substantially performs to the specifications contained in the Documentation. In the event that the City determines that the Licensed Software does not meet such specifications, the City shall notify the Contractor in writing, and Contractor shall modify or correct the Licensed Software so that it satisfies the Acceptance criteria. The date of Acceptance will be that date upon which City provides Contractor with written notice of satisfactory completion of Acceptance testing. If City notifies Contractor after the Acceptance Testing Period that the Licensed Software does not meet the Acceptance criteria of this section, then City shall be entitled to terminate this License in accordance with the procedures specified in Section 17(b) herein, and shall be entitled to a full refund of the license fee.

6. **Training.** If applicable, and upon written request by City in the accompanying Purchase Order, Contractor will provide training in accordance with the terms set forth in the Accompanying Purchase Order at Contractor’s current best government rates.

7. **Contractor’s Default.** Failure or refusal of Contractor to perform or do any act herein required shall constitute a default. In the event of any default, in addition to any other remedy available to City, this Term Sheet may be terminated by City upon ten days written notice. Such termination does not waive any other legal remedies available to City.

8. **Maintenance and Support**
   a. **Maintenance and Support Services.** After Acceptance of the Licensed Software and subject to the terms, conditions, and charges set forth in this Term Sheet, accompanying Purchase Order and Corresponding Documents, Contractor will provide City with maintenance and support services for the Licensed Software.
   b. Notwithstanding Subsection “a” of this Section, and upon written request by City in the accompanying Purchase Order, Maintenance and Support Services shall include: (i) Assistance as necessary to cause the Licensed Software to perform in accordance with the Specifications as set forth in the Documentation; (ii) Improvements, enhancements, extensions and other changes to the Licensed Software Contractor may develop, and (iii) Updates to the Licensed Software, as required, to cause it to operate under new versions or releases of the
operating system specified in the Accompanying Purchase Order, so long as such updates are made generally available to Contractor’s other Licensees.

c. **Changes in Operating System.** Upon written request by City in the accompanying Purchase Order, if City desires to obtain a version of the Licensed Software that operates under an operating system not specified in the Accompanying Purchase Order and Corresponding Documents, Contractor will provide City with the appropriate version of the Licensed Software, if available, on a 90-day trial basis without additional charge, provided City has paid all maintenance and support charges then due. At the end of the 90-day trial period, City will elect one of the following three options: (i) retain and continue the old version of the Licensed Software, return the new version to Contractor and continue to pay the applicable rental or license fee and maintenance charges for the old version; (ii) retain and use the new version of the Licensed Software and return the old version to Contractor, provided City pays Contractor the applicable rental or license fee and maintenance charges for the new version of the Licensed Software; or (iii) retain and use both versions of the Products, provided City pays Contractor the applicable rental or license fee and maintenance charges for both versions of the Licensed Software. City will promptly issue the necessary authorization document(s) to accomplish the above.

9. **Warranties: Right to Grant License.** Contractor hereby warrants that it has title to and/or the legal authority to grant a license of the Licensed Software to the City.

10. **Warranties: Conformity to Specifications.** Contractor warrants that when the Licensed Software specified in Accompanying Purchase Order and Corresponding Documents, including all updates and improvements to the Licensed Software, are delivered to City free from defects as to design, material, and workmanship and will perform on the Designated CPU in accordance with the Contractor’s published specifications for the Licensed Software for a period of 365 days from City’s Acceptance of such Licensed Software.

11. **Infringement Indemnification.** If notified promptly in writing of any judicial action brought against City based on an allegation that City’s use of the Licensed Software infringes a patent, copyright, or any right of a third party or constitutes misuse or misappropriation of a trade secret or any other right in intellectual property (Infringement), Contractor will hold City harmless and defend such action at its own expense. Contractor will pay the costs and damages awarded in any such action or the cost of settling such action, provided that Contractor shall have sole control of the defense of any such action and all negotiations or its settlement or compromise. If notified promptly in writing of any informal claim (other than a judicial action) brought against City based on an allegation that City’s use of the Licensed Software constitutes Infringement, Contractor will pay the costs associated with resolving such claim and will pay the settlement amount (if any), provided that Contractor shall have sole control of the resolution of any such claim and all negotiations for its settlement. In the event of any settlement, however, Contractor will not consent to the entry of any judgment or enter into any settlement with respect to the judicial action or informal claim without the prior written consent of City, which consent will not be unreasonably withheld, unless the judgment or proposed settlement involves only the payment of money damages by Contractor and does not impose any obligation upon City and Contractor obtains the full and complete release of City. City shall have the right to have any suit or proceeding monitored by counsel of City’s choice and at its expense. If Contractor does not assume the defense of Claim as required above, (i) City may defend against, and consent to the entry of any judgment or enter into any settlement with respect to the Claim in any manner it
reasonably may deem appropriate, and City need not consult with, or obtain any consent from, Contractor, and (ii) Contractor will remain responsible for any losses City may suffer resulting from, arising out of, relating to, in the nature of, or caused by the Claim to the fullest extent provided in this Section.

In the event a final injunction is obtained against City’s use of the Licensed Software by reason of Infringement, or in Contractor’s opinion City’s use of the Licensed Software is likely to become the subject of Infringement, Contractor may at its option and expense: (a) procure for City the right to continue to use the Licensed Software as contemplated hereunder, (b) replace the Licensed Software with a non-infringing, functionally equivalent substitute Licensed Software, or (c) suitably modify the Licensed Software to make its use hereunder non-infringing while retaining functional equivalency to the unmodified version of the Licensed Software. If none of these options is reasonably available to Contractor, then this Term Sheet or relevant part of this Term Sheet may be terminated at the option of either Party hereto and Contractor shall refund to City all amounts paid under this Term Sheet for the license of such infringing Licensed Software. Any unauthorized modification or attempted modification of the Licensed Software by City or any failure by City to implement any improvements or updates to the Licensed Software, as supplied by Contractor, shall void this indemnity unless City has obtained prior written authorization from Contractor permitting such modification, attempted modification or failure to implement. Contractor shall have no liability for any claim of Infringement based on City’s use or combination of the Licensed Software with products or data of the type for which the Licensed Software was neither designed nor intended to be used.

12. Payment Does Not Imply Acceptance of Work. The granting of any payment by City, or the receipt thereof by Contractor, shall in no way lessen the liability of Contractor to replace unsatisfactory work, the Licensed Software, although the unsatisfactory character of such work, or Licensed Software may not have been apparent or detected at the time such payment was made. Software, components, or workmanship that do not conform to the requirements of this Term Sheet may be rejected by City and in such case must be replaced by Contractor without delay.

13. Qualified Personnel. Work under this Term Sheet shall be performed only by competent personnel under the supervision of and/or in the employment of Contractor (or Contractor's authorized subcontractors). Contractor will comply with City's reasonable requests regarding assignment of personnel, but all personnel, including those assigned at City's request, must be supervised by Contractor.

14. Responsibility for Equipment. City shall not be responsible for any damage to persons or property as a result of the use, misuse or failure of any equipment used by Contractor, or by any of its employees, even though such equipment be furnished, rented or loaned to Contractor by City. The acceptance or use of such equipment by Contractor or any of its employees means that Contractor accepts full responsibility for and agrees to exonerate, indemnify, defend and save harmless City from and against any and all claims for any damage or injury of any type arising from the use, misuse or failure of such equipment, whether such damage be to Contractor, its employees, City employees or third parties, or to property belonging to any of the above.

15. Nondisclosure. City agrees that it shall treat the Licensed Software with the same degree of care as it treats like information of its own, which it does not wish to disclose to the public, from the date the Licensed Software is accepted by the City until the license is terminated as
provided herein. The obligations of the City set forth above, however, shall not apply to the Licensed Software, or any portion thereof, which:

a. is now or hereafter becomes publicly known;
b. is disclosed to the City by a third party which the City has no reason to believe is not legally entitled to disclose such information;
c. is known to the City prior to its receipt of the Licensed Software;
d. is subsequently developed by the City independently of any disclosures made hereunder by Contractor;
e. is disclosed with Contractor’s prior written consent; or
f. is disclosed by Contractor to a third party without similar restrictions.

16. Protection of Private Information. Contractor has read and agrees to the terms set forth in San Francisco Administrative Code Sections 12M.2, “Nondisclosure of Private Information,” and 12M.3, “Enforcement” of Administrative Code Chapter 12M, “Protection of Private Information,” which are incorporated herein as if fully set forth. Contractor agrees that any failure of Contractor to comply with the requirements of Section 12M.2 of this Chapter shall be a material breach of the Contract. In such an event, in addition to any other remedies available to it under equity or law, the City may terminate the Contract, bring a false claim action against the Contractor pursuant to Chapter 6 or Chapter 21 of the Administrative Code, or debar the Contractor.

17. Termination

a. Basis for Termination by Contractor. Contractor shall have the right to terminate this Term Sheet, if City is delinquent in making payments of any sum due under this Term Sheet and continues to be delinquent for a period of ninety days after the last day payment is due; provided, however, that written notice is given to City by Contractor of the expiration date of the ninety-day delinquency period at least ten days prior to the expiration date or, to terminate this Term Sheet if City commits any other breach of this Term Sheet and fails to remedy such breach within thirty days after receipt of written notice by Contractor of such breach.

b. Basis for Termination by City. City shall have the right, without further obligation or liability to Contractor (except as specified in Sections 16 (Protection of Private Information) and 17(c) (Disposition of Licensed Software on Termination) hereof): (i) to immediately terminate this Term Sheet if Contractor commits any breach of this Term Sheet and fails to remedy such breach within thirty (30) days after written notice by City of such breach, in which event, Contractor shall reimburse City in the same manner as for the removal of the Licensed Software due to infringement under Section 11; or (ii) to terminate this Term Sheet upon ninety (90) days prior written notice for any reason if the license granted hereunder is for any term other than perpetual. In the event the license granted is perpetual, termination of this Term Sheet by City shall be effective upon receipt by Contractor of written notice of said termination.
c. **Disposition of Licensed Software on Termination.** Upon the expiration or termination of this Term Sheet for any reason other than as provided for in Section 3(a) (Grant of License), City shall immediately: (i) return the Licensed Software to Contractor together with all Documentation; (ii) purge all copies of the Licensed Software or any portion thereof from all CPU’s and from any computer storage medium or device on which City has placed or permitted others to place the Licensed Software; and (iii) give Contractor written certification that through its best efforts and to the best of its knowledge, City has complied with all of its obligations under Section 17(c).

d. **Survival.** This section and the following sections of this Term Sheet shall survive termination of expiration of this Term Sheet:

**Workaround**

A change in the procedures followed or end user operation of the Software to avoid an Error, Defect or Malfunction without significantly impairing functionality or degrading the use of the Software.

Whenever the words “as directed,” “as required,” “as permitted,” or words of like effect are used, it shall be understood as the direction, requirement, or permission of the City. The words “sufficient,” “necessary,” or “proper,” and the like, mean sufficient, necessary or proper in the judgment of the City, unless otherwise indicated by the context.

2. **Term of the Term Sheet.** The term of this Term Sheet shall reflect the term of the Support Services set forth in the accompanying Purchase Order and Corresponding Documents, unless earlier terminated in accordance with the provisions of this Term Sheet or the applicable Technology Marketplace Agreement.

3. **Scope of Service Coverage**
   
   a. Contractor shall provide Support Services and provide Upgrades during the term of this Software Maintenance Term Sheet in accordance with the Purchase Order and Corresponding Documents.

   b. Notwithstanding Subsection “a” of this Section 3, and upon written request by City in the accompanying Purchase Order, Support Services shall meet or exceed the requirements set forth below in subsections “c” and “d” of this Section 3.

   c. During the term of this Software Maintenance Term Sheet, Contractor will furnish Error, Defect or Malfunction correction in accordance with the Priority Categories listed below, based on the City's determination of the severity of the Error, Defect or Malfunction and Contractor's reasonable analysis of the priority of the Error, Defect or Malfunction.

      1) **Priority 1:** An Error, Defect or Malfunction which renders the Software inoperative; or causes the Software to fail catastrophically.

      2) **Priority 2:** An Error, Defect or Malfunction which substantially degrades the performance of the Software, but does not prohibit the City’s use of the Software.

      3) **Priority 3:** An Error, Defect or Malfunction which causes only a minor impact on the use of the Software.

   d. Contractor will furnish Error, Defect or Malfunction correction in accordance with the following protocols:

      1) **Priority 1 Protocol:** Within two hours, Contractor assigns a product technical specialist(s) to diagnose and correct the Error, Defect or Malfunction; thereafter, Contractor shall provide ongoing communication about the status of the correction; shall proceed to immediately provide a Fix, a Patch or a Workaround; and exercise all commercially reasonable efforts to include a Fix or Patch for the Error, Defect or Malfunction in the next Subsequent Release. Contractor will escalate resolution of the problem to personnel with successively higher levels of technical expertise until the Error, Defect or Malfunction is corrected.

      2) **Priority 2 Protocol:** Within four hours, Contractor assigns a product technical specialist(s) to diagnose the Error, Defect or Malfunction and to commence correction of the Error, Defect or Malfunction; to immediately provide a Workaround; to provide escalation procedures as reasonably determined by Contractor's staff; and to exercise all commercially
reasonable efforts to include a Fix or Patch for the Error, Defect or Malfunction in the next Software maintenance release.

3) **Priority 3 Protocol:** Contractor may include a Fix or Patch in the next Software major release.

4. **Hotline Support.** Contractor shall provide remote access hotline support to City to help City answer routine questions with respect to the use of the Software. Contractor also shall provide remote access hotline support to City to initiate resolution of Priority 1 and Priority 2 Errors, Defects and Malfunctions. Hotline support shall be made available by phone between the hours of 8 a.m. and 6 p.m. Pacific time Monday through Friday, except legal holidays. Hotline support shall be available by electronic bulletin board, electronic mail or other service 24-hours a day, seven-days a week. Responses to questions posted by electronic means will be made within the time frame established under Priority Protocols for an Error, Defect or Malfunction in a Software Product.

5. **City Responsibilities Related to Support.** City shall use reasonable efforts to make available to Contractor reasonable access to the equipment on which City experienced the Error, Defect or Malfunction, the Software Product and all relevant documentation and records. City shall also provide reasonable assistance to Contractor, including sample output and diagnostic information, in order to assist Contractor in providing Support Services. City shall be responsible for the interface between the Software and other software products installed on City equipment. Unless otherwise agreed in writing between City and Contractor, City is responsible for installing, managing and operating any Software delivered under this Term Sheet.

6. **Payment Does Not Imply Acceptance of Work.** The granting of any payment by City, or the receipt thereof by Contractor, shall in no way lessen the liability of Contractor to replace unsatisfactory work, the Licensed Software, although the unsatisfactory character of such work, or Licensed Software may not have been apparent or detected at the time such payment was made. Software, components, or workmanship that do not conform to the requirements of this Prime Contract Term Sheet may be rejected by City and in such case must be replaced by Contractor without delay.

7. **Qualified Personnel.** Work under this Term Sheet shall be performed only by competent personnel under the supervision of and/or in the employment of Contractor (or Contractor's authorized subcontractors). Contractor will comply with City’s reasonable requests regarding assignment of personnel, but all personnel, including those assigned at City’s request, must be supervised by Contractor. Contractor shall assign adequate personnel resources to provide the level of service within the response times specified in this Term Sheet.

8. **Responsibility for Equipment.** City shall not be responsible for any damage to persons or property as a result of the use, misuse or failure of any equipment used by Contractor, or by any of its employees, even though such equipment be furnished, rented or loaned to Contractor by City.

9. **Default.** Failure or refusal of Contractor to perform or do any act herein required shall constitute a default. In the event of any default, in addition to any other remedy available to the City, this Term Sheet may be terminated by the City upon ten days’ written notice. Such termination does not waive any other legal remedies available to the City.

10. **Termination.**
a. **Termination for Cause.** In the event Contractor fails to perform any of its obligations under this Term Sheet, this Term Sheet may be terminated and all of Contractor’s rights hereunder ended. Termination will be effective after ten days written notice to Contractor. In the event of such termination, Contractor will be paid for those services performed under this Term Sheet to the satisfaction of the City, up to the date of termination. However, City may offset from any such amounts due Contractor any costs City has or will incur due to Contractor’s non-performance. Any such offset by City will not constitute waiver of any other remedies City may have against Contractor for financial injury or otherwise.

b. **Termination for Convenience.** City shall have the option, in its sole discretion, to terminate this Term Sheet, at any time during the term thereof, for City’s convenience and without cause by giving Contractor thirty days written notice of such termination. In the event of such termination, Contractor will be paid for those services performed, pursuant to this Term Sheet, to the satisfaction of the City up to the date of termination. In no event will City be liable for costs incurred by Contractor after receipt of notice of termination. Such non-recoverable costs include, but are not limited to, anticipated profits on this Term Sheet, post-termination employee salaries, post-termination administrative expenses, or any other cost which is not authorized or reasonable under this section.

11. **Rights and Duties Upon Termination or Expiration.** This Section and the following Sections of the Term Sheet shall survive termination or expiration of this Term Sheet:

6. Payment Does Not Imply Acceptance of Work
8. Responsibility for Equipment
14. Non-Waiver of Rights

Subject to the immediately preceding sentence, upon termination of this Term Sheet prior to expiration of the term specified in Section 2, this Term Sheet shall terminate and be of no further force or effect. Contractor shall transfer title to City, and deliver in the manner, at the times, and to the extent, if any, directed by City, any work in progress, completed work, supplies, equipment, and other materials produced as a part of, or acquired in connection with the performance of this Term Sheet, and any completed or partially completed work which, if the Term Sheet had been completed, would have been required to be furnished to the City. This subsection shall survive termination of this Term Sheet.

12. **Proprietary or Confidential Information of City.** Contractor understands and agrees that, in the performance of the work or services under this Term Sheet or in contemplation thereof, Contractor may have access to private or confidential information which may be owned or controlled by City and that such information may contain proprietary or confidential details, the disclosure of which to third parties may be damaging to City. Contractor agrees that all information disclosed by City to Contractor shall be held in confidence and used only in performance of this Term Sheet. Contractor shall exercise the same standard of care to protect such information as a reasonably prudent software developer would use to protect its own proprietary data.
13. **Notices to Parties.** Unless otherwise indicated elsewhere in this Term Sheet, all written communications sent by the Parties may be by U.S. mail, e-mail or fax, and shall be addressed as set forth in the accompanying Purchase Order and/or Corresponding Documents.

A Party may change the address to which notice is to be sent by giving written notice thereof to the other Parties. If e-mail notification is used, the sender must specify a Receipt notice. Any notice of default must be sent by registered mail.

14. **Non-Waiver of Rights.** The waiver by either Party of any breach by either Party of any term, covenant or conditions hereof shall not operate as a waiver of any subsequent breach of the same or any other term, covenant or condition hereof.

15. **Term Sheet Made in California; Venue.** The formation, interpretation and performance of this Term Sheet shall be governed by the laws of the State of California. Venue for all litigation relative to the formation, interpretation and performance of this Term Sheet shall be in San Francisco.

16. **Protection of Private Information.** Contractor has read and agrees to the terms set forth in San Francisco Administrative Code Sections 12M.2, “Nondisclosure of Private Information,” and 12M.3, “Enforcement” of Administrative Code Chapter 12M, “Protection of Private Information,” which are incorporated herein as if fully set forth. Contractor agrees that any failure of Contractor to comply with the requirements of Section 12M.2 of this Chapter shall be a material breach of the Contract. In such an event, in addition to any other remedies available to it under equity or law, the City may terminate the Term Sheet, bring a false claim action against the Contractor pursuant to Chapter 21 of the Administrative Code, or debar the Contractor.

17. **Modification of Term Sheet.** This Term Sheet may not be modified, nor may compliance with any of its terms be waived, except by written instrument executed and approved in the same manner as the applicable Technology Marketplace Agreement.

18. **Order of Precedence.** This Term Sheet may be modified only as provided in Section 17, “Modification of Term Sheet.” Should the terms of this Term Sheet conflict with the Purchase Order, Corresponding Documents and/or the Technology Marketplace Agreement into which this Term Sheet is hereby incorporated, the terms of the Technology Marketplace Agreement shall control, followed by this Term Sheet shall control.

19. **Incorporation of Recitals.** The matters recited above are hereby incorporated into and made part of this Term Sheet.

f. “Purchase Order” means the accompanying Purchase Order and any other corresponding documents, such as an Equipment Maintenance Agreement submitted by Contractor to City (“Corresponding Documents”) in response to a request for quote by City for the Equipment Maintenance Services described in the Purchase Order. The Purchase Order is issued by City to Contractor pursuant to a Technology Marketplace Agreement, which agreement is identified in the Purchase Order. The Purchase Order and all Corresponding Documents are incorporated into this Term Sheet as though fully set forth herein.

Whenever the words “as directed,” “as required,” “as permitted,” or words of like effect are used, it shall be understood as the direction, requirement, or permission of the City. The words “sufficient,” “necessary,” or “proper,” and the like, mean sufficient, necessary or proper in the judgment of the City, unless otherwise indicated by the context.

2. **Term of the Term Sheet.** The term of this Term Sheet shall reflect the term of the Equipment Maintenance Services set forth in the accompanying Purchase Order and Corresponding Documents, unless earlier terminated in accordance with the provisions of this Term Sheet or the applicable Technology Marketplace Agreement.

3. **Liability for Use of Equipment.** City shall not be liable for any damage to persons or property as a result of the use, misuse or failure of any equipment used by Contractor, or any of

Upon approval and payment of this invoice by City, City shall be under no further obligation to Contractor monetarily or otherwise.

5.1.1 **General Indemnification.** Contractor shall indemnify and hold harmless City and its officers, agents and employees from, and, if requested, shall defend them from and against any and all liabilities (legal, contractual, or otherwise), losses, damages, costs, expenses, or claims for injury or damages (collectively, “Claims”), arising from or in any way connected with Contractor’s performance of the Term Sheet, including but not limited to, any: (i) injury to
or death of a person, including employees of City or Contractor; (ii) loss of or damage to property; (iii) violation of local, state, or federal common law, statute or regulation, including but not limited to privacy or personally identifiable information, health information, disability and labor laws or regulations; (iv) strict liability imposed by any law or regulation; or (v) losses arising from Contractor's execution of subcontracts not in accordance with the requirements of this Term Sheet applicable to subcontractors; except where such Claims are the result of the sole active negligence or willful misconduct of City. The foregoing indemnity shall include, without limitation, reasonable fees of attorneys, consultants and experts and related costs and City’s costs of investigating any claims against the City. In addition to Contractor’s obligation to indemnify City, Contractor specifically acknowledges and agrees that it has an immediate and independent obligation to defend City from any claim which actually or potentially falls within this indemnification provision, even if the allegations are or may be groundless, false or fraudulent, which obligation arises at the time such Claim is tendered to Contractor by City and continues at all times thereafter.

5.1.2 **Infringement Indemnification.** If notified promptly in writing of any judicial action brought against City based on an allegation that City’s use of the SaaS Application and Services infringes a patent, copyright, or any right of a third-party or constitutes misuse or misappropriation of a trade secret or any other right in intellectual property (Infringement), Contractor will hold City harmless and defend such action at its own expense. Contractor will pay the costs and damages awarded in any such action or the cost of settling such action, provided that Contractor shall have sole control of the defense of any such action and all negotiations or its settlement or compromise, provided, however, that Contractor shall not agree to any injunctive relief or settlement that obligates the City to perform any obligation, make an admission of guilt, fault or culpability or incur any expense, without City’s prior written consent, which shall not be unreasonably withheld or delayed. If notified promptly in writing of any informal claim (other than a judicial action) brought against City based on an allegation that City’s use of the SaaS Application and/or Services constitutes Infringement, Contractor will pay the costs associated with resolving such claim and will pay the settlement amount (if any), provided that Contractor shall have sole control of the resolution of any such claim and all negotiations for its settlement, provided, however, that Contractor shall not agree to any injunctive relief or settlement that obligates the City to perform any obligation, make an admission of guilt, fault or culpability or incur any expense, without City’s prior written consent, which shall not be unreasonably withheld or delayed. In the event a final injunction is obtained against City’s use of the SaaS Application and Services by reason of Infringement, or in Contractor’s opinion City’s use of the SaaS Application and Services is likely to become the subject of Infringement, Contractor may at its option and expense: (a) procure for City the right to continue to use the SaaS Application and Services as contemplated hereunder, (b) replace the SaaS Application and Services with a non-infringing, functionally equivalent substitute SaaS Application and Services, or (c) suitably modify the SaaS Application and Services to make its use hereunder non-infringing while retaining functional equivalency to the unmodified version of the SaaS Application and Services. If none of these options is reasonably available to Contractor, then the applicable Purchase Order and Corresponding Documents or relevant part of such Purchase Order and Corresponding Documents may be terminated at the option of either Party hereto and Contractor shall refund to City all amounts paid under this Term Sheet for the license of such infringing SaaS Application and/or Services. Any unauthorized modification or attempted modification of the SaaS Application and Services by City or any failure by City to
implement any improvements or updates to the SaaS Application and Services, as supplied by Contractor, shall void this indemnity unless City has obtained prior written authorization from Contractor permitting such modification, attempted modification or failure to implement. Contractor shall have no liability for any claim of Infringement based on City’s use or combination of the SaaS Application and Services with products or data of the type for which the SaaS Application and Services was neither designed nor intended to be used.

Contractor agrees to advise and require its respective employees, agents, and subcontractors of their obligations to keep all Confidential Information confidential.

13.2.3 Nondisclosure. Contractor agrees and acknowledges that it shall have no proprietary interest in any proprietary or Confidential Information and will not disclose, communicate or publish the nature or content of such information to any person or entity, nor use, except in connection with the performance of its obligations under this Term Sheet or as otherwise authorized in writing by City, any of the Confidential Information it produces, receives, acquires or obtains from City. Contractor shall take all necessary steps to ensure that the Confidential Information is securely maintained. Contractor will maintain appropriate safeguards to restrict access to City's Data to those employees, agents or service providers of Contractor who need the information to carry out the purposes for which it was disclosed to Contractor. For information disclosed in electronic form, Contractor agrees that appropriate safeguards include electronic barriers (e.g., most current industry standard encryption for transport and storage, intrusion prevention/detection or similar barriers) and secure authentication (e.g., password protected) access to the City's Confidential Information and hosted City Data. For information disclosed in written form, Contractor agrees that appropriate safeguards include secured storage of City Data. City Data classified as Confidential Information shall be encrypted at rest and in transit with controlled access. Contractor shall also establish and maintain any additional physical, electronic, administrative, technical and procedural controls and safeguards to protect City Data that are no less rigorous than accepted industry practices (including, as periodically amended or updated, the International Organization for Standardization’s standards: ISO/IEC 27001:2005 – Information Security Management Systems – Requirements and ISO-IEC 27002:2005 – Code of Practice for International Security Management, NIST Special Publication 800-53 Revision 4 or its successor, NIST Special Publication 800-18 or its successor, the Information Technology Library (ITIL) standards, the Control Objectives for Information and related Technology (COBIT) standards, or other applicable industry standards for information security), and shall ensure that all such controls and safeguards, including the manner in which Confidential Information is collected, accessed, used, stored, processed, disposed of and disclosed, comply with applicable data protection and privacy laws, as well as the terms and conditions of this Term Sheet. Contractor warrants to the City compliance with the California Information Practices Act (Civil Code §§ 1798 et seq) (as periodically amended or updated).

13.2.10 **Data Privacy and Information Security Program.** Without limiting Contractor’s obligation of confidentiality as further described herein, Contractor shall establish and maintain a data privacy and information security program, including physical, technical, administrative, and organizational safeguards, that is designed to: (i) ensure the security and confidentiality of the City Data; (ii) protect against any anticipated threats or hazards to the security or integrity of the City Data; (iii) protect against unauthorized disclosure, access to, or use of the City Data; (iv) ensure the proper disposal of City Data; and, (v) ensure that all of Contractor’s employees, agents, and subcontractors, if any, comply with all of the foregoing.

13.2.11 **City’s Right to Termination for Deficiencies.** City reserves the right, at its sole election, to immediately terminate this Term Sheet, without limitation and without liability, if City reasonably determines that Contractor fails or has failed to meet its obligations under this Article 13.

The Contractor shall also ensure that all data exchanged shall be used expressly and solely for the purposes enumerated in the Term Sheet. Data shall not be distributed, repurposed or shared across other applications,
environments, or business units of the Contractor. Upon City’s written request, Contractor shall provide a so-called “negative assurance opinion” to City as soon as said opinion is received by Contractor. Contractor shall implement reasonably required safeguards as identified by any audit of Contractor’s data privacy and information security program. In the event that an annual Audit Report that finds a material data privacy or information security issue, Contractor shall, upon written request by City, provide to City any additional Audit Reports and “negative assurance opinions” as City may reasonably request in order to help enable City to see if Contractor’s mitigation measures have been effective in addressing such issue(s).

13.3.2 **Audit of Contractor’s Policies.** Contractor agrees to make its policies, procedures and practices regarding Data Security available to City, if needed, and agrees that City reserves the rights, including, but not limited to, making a site visit, scanning for malicious codes, and hiring a third-party to perform a security audit if City determines that the Audit Report is unsatisfactory.

13.3.3 **Information Security Audits.** Upon request by the City, Contractor must contract with an independent third party to perform yearly information security audits of their primary and backup Data Centers. The annual audits must include an outside penetration/vulnerability test, and internal penetration and vulnerability tests with the third party directly on the internal network. The summary results of the audits must be shared with the City. All audit findings must be remedied.

Article 14 Force Majeure

14.1 Liability. No Party shall be liable for delay in the performance of its obligations under this Term Sheet if and to the extent such delay is caused, directly or indirectly, by: fire, flood, earthquake, elements of nature or acts of God, riots, civil disorders, or any other cause beyond the reasonable control of such Party (a "Force Majeure Event"). In the case of a Force Majeure Event, Contractor shall immediately commence disaster recovery services as described in Section 14.4.

14.2 Duration. In a Force Majeure Event, the non-performing Party shall be excused from further performance or observance of the obligation(s) so affected for as long as such circumstances prevail and such Party continues to use its best efforts to recommence performance or observance whenever and to whatever extent possible without delay. Any Party so delayed in its performance shall immediately notify the Party to whom performance is due by telephone (to be confirmed in writing within two (2) days of the inception of such delay) and describe at a reasonable level of detail the circumstances causing such delay.

14.3 Effect. If a Force Majeure Event substantially prevents, hinders, or delays performance of the Services as critical for more than fifteen (15) consecutive days, then at City's option: (i) City may terminate any portion of this Term Sheet so affected and the charges payable hereunder shall be equitably adjusted to reflect those terminated Services; or (ii) City may terminate this Term Sheet without liability to City or Contractor as of a date specified by City in a written notice of termination to Contractor. Contractor shall not have the right to any additional payments from City for costs or expenses incurred by Contractor as a result of any force majeure condition that lasts longer than three (3) days.

14.4 Disaster Recovery. In the event of a disaster, as defined below, Contractor shall provide disaster recovery services in accordance with the provisions of the disaster recovery plan attached as Exhibit 4 hereto, or as otherwise set forth in this Term Sheet and attached Exhibits. Notwithstanding Section 14.1, a Force Majeure Event shall not excuse
Contractor of its obligations for performing disaster recovery services as provided in this Section. In the event that a disaster occurs and Contractor fails to restore the hosting services within 24 hours of the initial disruption to Services, City may, in its discretion, deem such actions to be a material default by Contractor incapable of cure, and City may immediately terminate this Term Sheet. For purposes of this Term Sheet, a "disaster" shall mean an interruption in the hosting services or the inability of Contractor to provide City with the SaaS Application and hosting services for any reason that could not be remedied by relocating the SaaS Application and hosting services to a different physical location outside the proximity of its primary Data Center.

If the City rejects, for good cause, any maintenance changes during the SaaS Software Maintenance Acceptance Period, Contractor shall not introduce such rejected maintenance changes into production. At the end of the Maintenance Acceptance Period, if City has not rejected the maintenance changes, the maintenance changes shall be deemed to be accepted by City and Contractor shall be entitled to introduce the maintenance changes into production.
E. **SaaS Hardware**: Contractor shall use commercially reasonable efforts to ensure that all hardware (including servers, routers, and other related equipment) on which the applications are deployed are attached to back-up power systems sufficient to maintain the site’s availability for so long as any power outage could reasonably be expected to occur, based on the experience of Contractor at its deployment location and consistent with the Tier rating of the Data Center required under Section (I)(E) of this Exhibit.

Exhibit 3
Service Level Obligations: Minimum Requirements

The following represent minimum requirements that Contractor shall meet or exceed with regard to its Service Level Obligations.

A. **Time is of the Essence.** For the term of this Term Sheet, Contractor shall provide SaaS Services, Force Majeure events excepted, during the applicable Service Windows and in accordance with the applicable Service Levels as described herein, time being of the essence.

B. **Service Levels.**

1. **Availability Service Level:**

   i. **Definitions:**

      a. **Actual Uptime:** The total minutes in the reporting month that the Services were actually available to Authorized Users for normal use.

      b. **Scheduled Downtime:** The total minutes in the reporting month during which Scheduled SaaS Maintenance was performed.

      c. **Scheduled Uptime:** The total minutes in the reporting month less the total minutes represented by the Scheduled Downtime.

   ii. **Service Level Standard.** Services shall be available to Authorized Users for normal use 100% of the Scheduled Uptime.

      a. **Calculation:** \((\frac{\text{Actual Uptime}}{\text{Scheduled Uptime}}) \times 100 = \text{Percentage Uptime}\) (as calculated by rounding to the second decimal point)

      b. **Performance Credit.**

         1) **Where Percentage Uptime is greater than 99.9%:** No Performance Credit will be due to City.

         2) **Where Percentage Uptime is equal to or less than 99.9%:** City shall be due a Performance Credit in the amount of 20% of the Services Fees (as calculated on a monthly basis for the reporting month) for each full 1% reduction in Percentage Uptime.

2. **Response Time Service Level.**

   a. **Definition(s).**
i. **Response Time:** The interval of time from when an Authorized User requests, via the Services, a Transaction to when visual confirmation of Transaction completion is received by the Authorized User. For example, Response Time includes the period of time representing the point at which an Authorized User enters and submits data to the Services and the Services display a message to the Authorized User that the data has been saved.

ii. **Total Transactions:** The total of Transactions occurring in the reporting month.

iii. **Transaction(s):** Services web page loads, Services web page displays, and Authorized User Services requests.

b. **Service Level Standard.** Transactions shall have a Response Time of two (2) seconds or less 99.9% of the time each reporting month during the periods for which the Services are available.

a. **Calculation.** \((\text{Total Transactions} - \text{Total Transactions failing Standard}) / \text{Total Transactions}\) \* 100 = Percentage Response Time (as calculated by rounding to the second decimal point).

b. **Performance Credit.**

1) **Where Percentage Response Time is greater than 99.9%:** No Performance Credit will be due to City.

2) **Where Percentage Response Time is equal to or less than 99%:** City shall be due a Performance Credit in the amount of 20% of the Services Fees (as calculated on a monthly basis for the reporting month) for each full 1% reduction in Percentage Response Time.

3. **Technical Support Problem Response Service Level.**

i. **Definition.**

a. **Total Problems:** The total number of problems occurring in the reporting month.

ii. **Service Level Standard.** Problems shall be confirmed as received by Contractor 100% of the time each reporting month, in accordance with the Request Response Time associated with the SaaS Severity Level.

a. **Calculation.** \((\text{Total Problems} - \text{Total Problems failing Standard}) / \text{Total Problems}\) \* 100 = Percentage Problem Response (as calculated by rounding to the second decimal point). Note: This Calculation must be completed for each SaaS Severity Level.

b. **Performance Credit.**
1) SaaS Severity Level 1 – 2.
   
i) Where Percentage Problem Response is greater than 99.9%: No Performance Credit will be due to City.

   
ii) Where Percentage Problem Response is equal to or less than 99%: City shall be due a Performance Credit in the amount of 20% of the Services Fees (as calculated on a monthly basis for the reporting month) for each full 1% reduction in Percentage Problem Response.

2) SaaS Severity Level 3 – 4.

   
i) Where Percentage Problem Response is greater than 99.9%: No Performance Credit will be due to City.

   
ii) Where Percentage Problem Response is equal to or less than 99%: City shall be due a Performance Credit in the amount of 20% of the Services Fees (as calculated on a monthly basis for the reporting month) for each full 1% reduction in Percentage Problem Response.

C. Service Level Reporting. Upon written request by City upon issuance of the accompanying Purchase Order and Corresponding Documents, on a monthly basis, in arrears and no later than the fifteenth (15th) calendar day of the subsequent month following the reporting month, Contractor shall provide reports to City describing the performance of the SaaS Services and of Contractor as compared to the service level standards described herein. The reports shall be in a form agreed-to by City, and, in no case, contain no less than the following information: (a) actual performance compared to the Service Level Standard; (b) the cause or basis for not meeting the service level standards described herein; (c) the specific remedial actions Contractor has undertaken or will undertake to ensure that the service level standards described herein will be subsequently achieved; and, (d) any Performance Credit due to City. Contractor and City will meet as often as shall be reasonably requested by City, but no less than monthly, to review the performance of Contractor as it relates to the service level standards described herein. Where Contractor fails to provide a report for a service level standard described herein in the applicable timeframe, the service level standard shall be deemed to be completely failed for the purposes of calculating a Performance Credit. Contractor shall, without charge, make City’s historical service level standard reports to City upon request.

D. Failure to Meet Service Level Standards. In the event Contractor does not meet a service level standard described herein, Contractor shall: (a) owe to City any applicable Performance Credit, as liquidated damages and not as a penalty; and, (b) use its best efforts to ensure that any unmet service level standard described herein is subsequently met. Notwithstanding the foregoing, Contractor will use its best efforts to minimize the impact or
duration of any outage, interruption, or degradation of Service. In no case shall City be required to notify Contractor that a Performance Credit is due as a condition of payment of the same.

E. **Termination for Material and Repeated Failures.** City shall have, in addition to any other rights and remedies under this Term Sheet or at law, the right to immediately terminate this Term Sheet and be entitled to a return of any prepaid fees where Contractor fails to meet any service level standards described herein: (a) to such an extent that the City’s ability, as solely determined by City, to use the SaaS Services is materially disrupted, Force Majeure events excepted; or, (b) for four (4) months out of any twelve (12) month period.

F. **Audit of Service Levels.** No more than quarterly, and upon written request by City upon issuance of the accompanying Purchase Order and Corresponding Documents, City shall have the right to audit Contractor’s books, records, and measurement and auditing tools to verify service level obligations achievement and to determine correct payment of any Performance Credit. Where it is determined that any Performance Credit was due to City but not paid, Contractor shall immediately owe to City the applicable Performance Credit.
Exhibit 4
Disaster Recovery Plan: Minimum Requirements

The following represent minimum requirements that Contractor shall meet or exceed with regard to its Disaster Recovery Plan.

A. In the case of emergency or failure, this Disaster Recovery plan will be used to restore and continue service. Disaster Recovery is required when Contractor, in good faith, feels that an emergency failure jeopardizes its ability to meet its Service Level Obligations. Contractor shall use best efforts to restore operations at the same location or, at Contractor’s discretion, a backup location. City acknowledges and agrees that such an event may result in partial or degraded service when restored. The pre-disaster/loss level of service shall be restored as soon as commercially reasonable.

B. **Restoration Targets:** Restoration of services timeframes will be defined and measured as Recovery Point Objectives and Recovery Time Objectives.

C. **Recovery Point Objective:** The Recovery Point Objective (RPO) is defined to be the maximum acceptable amount of data loss for which City may experience due to a temporary loss of hosted services and applications. Contractor shall deliver a maximum RPO of eight (8) hours based on incremental backups being made available between production and backup facilities and recovery, if any, of production data from DCUs.

D. **The Recovery Time Objective:** The Recovery Time Objective (RTO) is the maximum period of continuous time during which access to the SaaS Application shall not be available to the City. Contractor shall deliver a maximum RTO of forty-eight (48) hours for the SaaS Application.

E. **Data Synchronization:** Data Synchronization is the act of replicating or “mirroring” data from the Primary Environment to an off-site “backup” location (the Back-up Tier 2 Data Center). Data Synchronization is to be used in the case of a Disaster Recovery event to restore service. Data Synchronization must occur at a set interval of once per eight (8) hours for incremental data set changes and weekly for a full backup.

F. **Recovery Testing:** Contractor shall regularly test and exercise the Disaster Recovery Plan to ensure that the Tier 2 Back-up Data Center and Data Synchronization processes are functioning as expected. City shall allow for a maximum of a two (2) week runtime within the Back-Up Data Center before returning system operation to Primary Data Center.

G. **Backup and Recovery:** Backups of the production servers will occur every 8 hours, retained for 30 days, and stored locally at the primary data center on a separate managed storage device. These images will be used to recover servers if any issues occur. The backup images will periodically be replicated throughout the day to the secondary staged server environment for the purposes of site recovery. This replication will occur on a private protected fiber ring connecting the two data centers. In the event of a site disaster, a request can be made to the support desk and the most current server image set can be brought up as the production environment.

(d)    Subject to City’s approval, settling all outstanding liabilities and all claims arising out of the termination of orders and subcontracts.

(e)    Completing performance of any Services that City designates to be completed prior to the date of termination specified by City.

(f)    Taking such action as may be necessary, or as the City may direct, for the protection and preservation of any property related to this Term Sheet which is in the possession of Contractor and in which City has or may acquire an interest.

8.1.3    Within 30 days after the specified termination date, Contractor shall submit to City an invoice, which shall set forth each of the following as a separate line item:

(a)    The reasonable cost to Contractor, without profit, for all Services prior to the specified termination date, for which Services City has not already tendered payment. Reasonable costs may include a reasonable allowance for actual overhead, not to exceed a total of 10% of Contractor’s direct costs for Services. Any overhead allowance shall be separately itemized. Contractor may also recover the reasonable cost of preparing the invoice.

(b)    A reasonable allowance for profit on the cost of the Services described in the immediately preceding subsection (a), provided that Contractor can establish, to the satisfaction of City, that Contractor would have made a profit had all Services under this Term Sheet been completed, and provided further, that the profit allowed shall in no event exceed 5% of such cost.
(c) The reasonable cost to Contractor of handling material or equipment returned to the vendor, delivered to the City or otherwise disposed of as directed by the City.

Such non-recoverable costs include, but are not limited to, anticipated profits on the Services under this Term Sheet, post-termination employee salaries, post-termination administrative expenses, post-termination overhead or unabsorbed overhead, attorneys’ fees or other costs relating to the prosecution of a claim or lawsuit, prejudgment interest, or any other expense which is not reasonable or authorized under Section 8.1.3.

8.1.5 In arriving at the amount due to Contractor under this Section, City may deduct: (i) all payments previously made by City for Services covered by Contractor’s final invoice; (ii) any claim which City may have against Contractor in connection with this Term Sheet; (iii) any invoiced costs or expenses excluded pursuant to the immediately preceding subsection 8.1.4; and (iv) in instances in which, in the opinion of the City, the cost of any Service performed under this Term Sheet is excessively high due to costs incurred to remedy or replace defective or rejected Services, the difference between the invoiced amount and City’s estimate of the reasonable cost of performing the invoiced Services in compliance with the requirements of this Term Sheet.

8.1.6 City’s payment obligation under this Section shall survive termination of this Term Sheet.

b. Interpretation of the Specifications. The City hereby acknowledges that the Functional Specifications will, upon acceptance by the City, provide the basis for the Design Specifications, and that the Design Specifications will, upon acceptance by the City, provide the basis for the coding and installation of the Programs. In the event of a variance between the
written proposal Contractor submitted in response to City’s request for the services to be performed under this Term Sheet (the “Proposal”) and the Functional Specifications, the Functional Specifications shall be determinative. In the event of a variance between the Functional Specifications and the Design Specifications, the Design Specifications shall be determinative.

training in accordance with said Task Order.

8. Term and Termination/Termination for Convenience.

a. Project Schedule. The Project Schedule is set forth in the Purchase Order and

(1) Delays. To prevent slippage in the completion of the project, Contractor agrees
that if such slippage occurs, it will assign additional qualified personnel to the project.

(2) Time of the Essence. The parties agree that time is of the essence, and that the
System will be developed and implemented in accordance with the Project Schedule.

(3) Critical Milestones. Contractor acknowledges and understands that the Project
Schedule contains certain time-sensitive milestones (Critical Milestones) that must be attained by
certain dates; otherwise, the City will suffer financial harm. Milestones that are Critical
Milestones are so indicated in the Purchase Order and Corresponding Documents.
Notwithstanding City’s ability to assess liquidated damages for Contractor’s failure to meet any
Critical Milestone, the time period for achieving final Acceptance shall be set forth in each Task
Order issued pursuant to the Purchase Order and Corresponding Documents. In addition to any
other remedy provided under this Term Sheet, Contractor’s inability to achieve final Acceptance
in accordance with each Task Order will be cause for immediate termination of this Term Sheet,
and City shall be entitled to a full refund of any amounts paid to Contractor under this Term Sheet.

b. Progress Reports. Contractor will provide City with written status reports advising
the City of its progress in accordance with each Task Order issued pursuant to the Purchase
Order and Corresponding Documents.

c. Termination for Cause. In the event Contractor fails to perform any of its
obligations under this Term Sheet, this Term Sheet may be terminated and all of Contractor's
rights hereunder ended. Termination will be effective after ten days written notice to Contractor.
No new work will be undertaken after the date of receipt of any notice of termination, or five
days after the date of the notice, whichever is earlier. In the event of such termination,
Contractor will be paid for those services performed under this Term Sheet to the satisfaction of
the City, up to the date of termination. However, City may offset from any such amounts due
Contractor any liquidated damages or other costs City has or will incur due to Contractor’s non-
performance. Any such offset by City will not constitute a waiver of any other remedies City
may have against Contractor for financial injury or otherwise.

d. Termination for Convenience. City may terminate this Term Sheet for City's
convenience and without cause at any time by giving Contractor thirty days written notice of
such termination. In the event of such termination, Contractor will be paid for those services
performed, pursuant to this Term Sheet, to the satisfaction of the City up to the date of
termination. In no event will City be liable for costs incurred by Contractor after receipt of a
notice of termination. Such non-recoverable costs include, but are not limited to, anticipated
profits on this Term Sheet, post-termination employee salaries, post-termination administrative expenses, or any other cost which is not reasonable or authorized under this section. This section shall not prevent Contractor from recovering costs necessarily incurred in discontinuing further work under the contract after receipt of the termination notice.

e. Obligations upon Termination. Upon termination of this Term Sheet, Contractor will submit an invoice to City for an amount which represents the value of its work or services actually performed prior to the effective date of termination for which Contractor has not previously been compensated, except that with respect to reimbursement for Contractor’s services, in no event will the compensation paid for the month in which termination occurs be greater than the scheduled monthly fee multiplied by a fraction, the numerator of which will be the days in the month elapsed prior to the termination and the denominator of which shall be 31. 11. City Responsibilities

a. City Representative. b. City Facilities. If specified in the Purchase Order and Corresponding Documents, City will provide facilities or equipment for Contractor’s use during the term of the Term Sheet and the conditions upon which access will be granted.

c. Data Conversion. The Purchase Order and Corresponding Documents shall state if City or Contractor shall be responsible for the timely and accurate conversion of City’s data to the format required by the Programs, and for providing the test data specified in the Acceptance Test Plan.

12. Contractor Staffing and Support Services
a. **Project Manager.** Contractor shall designate a Project Manager, who shall be accessible by telephone or email throughout the duration of the Term Sheet and shall be available from 9 a.m. to 5 p.m. Monday through Friday, excluding weekends and holidays. These hours may be adjusted by mutual agreement of City and Contractor. Throughout the term of this Term Sheet, whenever the Project Manager is not on site, he or she must be available by electronic pager. Whenever the Project Manager will be unavoidably absent or otherwise unavailable by telephone or electronic pager for more than two hours, then a substitute Project Manager must be designated to respond to telephone calls and pages from the City. Contractor shall use its best efforts to maintain the same Project Manager until final Acceptance of the System. However, if Contractor needs to replace its Project Manager, it shall provide City with written notice thereof at least 45 days prior to the date the Project Manager is to be replaced. Notwithstanding the foregoing, Contractor may appoint temporary Project Managers in connection with short term unavailability, sick leave, or reasonable vacations, provided that Contractor gives City reasonable notification thereof in advance. City may require Contractor to replace its Project Manager, by giving Contractor notification thereof and City’s objective reasons therefor.

b. **Staffing.** Work under this Term Sheet shall be performed only by competent personnel appropriately trained in technical skills to perform their duties under the supervision of, and in the employment of, Contractor. Contractor will comply with City's reasonable requests regarding assignment of personnel, but all personnel, including those assigned at City's request, must be supervised by Contractor. The personnel of each party, when on the premises of the other, shall comply with the security and other personnel regulations of the party on whose premises such individual is located.

c. **Maintenance Services.** Contractor will provide maintenance services for the Programs in accordance with the terms and conditions of the Purchase Order and Corresponding Documents. Such services, if any, shall commence upon Acceptance of the Programs by City or, upon expiration of the performance warranty provided therein.

### 13. Property Rights of the Parties

Subject to Subsections “a” and “b” below, the Property Rights of the Parties shall be outlined in the Purchase Order and Corresponding Documents.

a. **Ownership of Underlying Modules.** A conveyance of title is subject to Contractor’s retention of ownership of all modules developed by Contractor as a utility routine or generalized interface and not specifically for City.

b. **City’s Data.** Any data or other materials furnished by the City for use by Contractor under this Term Sheet shall remain the sole property of the City and will be held in confidence in accordance with Section 21 of this Term Sheet. Such materials shall be returned to City upon Acceptance of the Programs.

### 14. Guaranteed Maximum Costs

The City’s payment obligation to Contractor cannot at any time exceed the amount certified by City's Controller for the purpose and period stated in such certification. Absent an authorized Emergency per the City Charter or applicable Code, no City representative is authorized to offer or promise, nor is the City required to honor, any offered or
promised payments to Contractor under this Term Sheet in excess of the certified maximum amount without the Controller having first certified the additional promised amount and the Parties having modified this Term Sheet as provided in Section 11.5, "Modification of this Term Sheet."

15. Reserved.

16. Submitting False Claims. The full text of San Francisco Administrative Code Chapter 21, Section 21.35, including the enforcement and penalty provisions, is incorporated into this Term Sheet. Pursuant to San Francisco Administrative Code §21.35, any contractor or subcontractor who submits a false claim shall be liable to the City for the statutory penalties set forth in that section. A contractor or subcontractor will be deemed to have submitted a false claim to the City if the contractor or subcontractor: (a) knowingly presents or causes to be presented to an officer or employee of the City a false claim or request for payment or approval; (b) knowingly makes, uses, or causes to be made or used a false record or statement to get a false claim paid or approved by the City; (c) conspires to defraud the City by getting a false claim allowed or paid by the City; (d) knowingly makes, uses, or causes to be made or used a false record or statement to conceal, avoid, or decrease an obligation to pay or transmit money or property to the City; or (e) is a beneficiary of an inadvertent submission of a false claim to the City, subsequently discovers the falsity of the claim, and fails to disclose the false claim to the City within a reasonable time after discovery of the false claim.

17. Reserved.

18. Payment Does Not Imply Acceptance of Work. The granting of any payment by City, or the receipt thereof by Contractor, shall in no way lessen the liability of Contractor to replace unsatisfactory work, equipment, or materials, although the unsatisfactory character of such work, equipment or materials may not have been apparent or detected at the time such payment was made. Materials, equipment, components, or workmanship that do not conform to the requirements of this Term Sheet may be rejected by City and in such case must be replaced by Contractor without delay.

19. Responsibility for Equipment. City shall not be responsible for any damage to persons or property as a result of the use, misuse or failure of any equipment used by Contractor, or by any of its employees, even though such equipment be furnished, rented or loaned to Contractor by City. The acceptance or use of such equipment by Contractor or any of its employees means that Contractor accepts full responsibility for and agrees to exonerate, indemnify, defend and save harmless City from and against any and all claims for any damage or injury of any type arising from the use, misuse or failure of such equipment, whether such damage be to Contractor, its employees, City employees or third parties, or to property belonging to any of the above.

20. Independent Contractor; Payment of Taxes and Other Expenses

   a. Independent Contractor. For the purposes of this Article 4, "Contractor" shall be deemed to include not only Contractor, but also any agent or employee of Contractor. Contractor acknowledges and agrees that at all times, Contractor or any agent or employee of Contractor shall be deemed at all times to be an independent contractor and is wholly responsible for the manner in which it performs the services and work requested by City under this Term Sheet. Contractor, its agents, and employees will not represent or hold themselves out to be employees
of the City at any time. Contractor or any agent or employee of Contractor shall not have employee status with City, nor be entitled to participate in any plans, arrangements, or distributions by City pertaining to or in connection with any retirement, health or other benefits that City may offer its employees. Contractor or any agent or employee of Contractor is liable for the acts and omissions of itself, its employees and its agents. Contractor shall be responsible for all obligations and payments, whether imposed by federal, state or local law, including, but not limited to, FICA, income tax withholdings, unemployment compensation, insurance, and other similar responsibilities related to Contractor’s performing services and work, or any agent or employee of Contractor providing same. Nothing in this Term Sheet shall be construed as creating an employment or agency relationship between City and Contractor or any agent or employee of Contractor. Any terms in this Term Sheet referring to direction from City shall be construed as providing for direction as to policy and the result of Contractor’s work only, and not as to the means by which such a result is obtained. City does not retain the right to control the means or the method by which Contractor performs work under this Term Sheet. Contractor agrees to maintain and make available to City, upon request and during regular business hours, accurate books and accounting records demonstrating Contractor’s compliance with this section. Should City determine that Contractor, or any agent or employee of Contractor, is not performing in accordance with the requirements of this Term Sheet, City shall provide Contractor with written notice of such failure. Within five (5) business days of Contractor’s receipt of such notice, and in accordance with Contractor policy and procedure, Contractor shall remedy the deficiency. Notwithstanding, if City believes that an action of Contractor, or any agent or employee of Contractor, warrants immediate remedial action by Contractor, City shall contact Contractor and provide Contractor in writing with the reason for requesting such immediate action.

b. Payment of Taxes and Other Expenses. Payment of Employment Taxes and Other Expenses. Should City, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Division, or both, determine that Contractor is an employee for purposes of collection of any employment taxes, the amounts payable under this Term Sheet shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Contractor which can be applied against this liability). City shall then forward those amounts to the relevant taxing authority. Should a relevant taxing authority determine a liability for past services performed by Contractor for City, upon notification of such fact by City, Contractor shall promptly remit such amount due or arrange with City to have the amount due withheld from future payments to Contractor under this Term Sheet (again, offsetting any amounts already paid by Contractor which can be applied as a credit against such liability). A determination of employment status pursuant to the preceding two paragraphs shall be solely for the purposes of the particular tax in question, and for all other purposes of this Term Sheet, Contractor shall not be considered an employee of City. Notwithstanding the foregoing, Contractor agrees to indemnify and save harmless City and its officers, agents and employees from, and, if requested, shall defend them against any and all claims, losses, costs, damages, and expenses, including attorneys’ fees, arising from this section.

21. Warranty

a. Warranty of Title and Indemnification. Contractor warrants that the Programs developed pursuant to this Term Sheet will, prior to its transfer to City, be the sole and exclusive property of Contractor. If notified promptly in writing of any judicial action brought against City
based on an allegation that City’s use of the Programs infringes a patent or copyright, or any
data of a third party, or constitutes misuse or misappropriation of a trade secret or any other
right in intellectual property (infringement), Contractor will hold City harmless and defend such
action at its expense. Contractor will pay the costs and damages awarded in any such action or
the cost of settling such action, provided that Contractor shall have sole control of the defense of
any such action and all negotiations or its settlement or compromise. If notified promptly in
writing of any informal claim (other than a judicial action) brought against City based on an
allegation that City’s use of the Programs constitutes Infringement, Contractor will pay the costs
associated with resolving such claim and will pay the settlement amount (if any), provided that
Contractor shall have sole control of the resolution of any such claim and all negotiations for its
settlement. In the event that a final injunction shall be obtained against City’s use of the
Programs by reason of Infringement, or in Contractor’s opinion City’s use of the Programs is
likely to become the subject of Infringement, Contractor may at its option and expense (a)
procure for City the right to continue to use the Programs as contemplated hereunder, (b) replace
the Programs with non-infringing, functionally equivalent substitute Programs, or (c) suitably
modify the Programs to make its use hereunder non-infringing while retaining functional
equivalency to the unmodified version of the Programs. If none of these options is reasonably
available to Contractor, then this Term Sheet may be terminated at the option of either party
hereto and Contractor shall refund to City all amounts paid under this Term Sheet for the
development and license of the infringing Programs.

b. Warranty of Authority; No Conflict. Each party hereby warrants to the other that it
is authorized to enter into this Term Sheet and that its performance thereof will not conflict with
any other agreement.

c. Warranty of Performance. Contractor hereby warrants that when fully
implemented, the Programs to be developed and provided under this Term Sheet shall perform in
accordance with the Design Specifications applicable thereto on the System Acceptance date.

22. Confidential Information.

a. Standard of Care. Contractor understands and agrees that, in the performance of the
work or services under this Term Sheet or in contemplation thereof, Contractor may have access
to private or confidential information which may be owned or controlled by City and that such
information may contain proprietary or confidential details, the disclosure of which to third
parties may be damaging to City. Contractor agrees that all information disclosed by City to
Contractor shall be held in confidence and used only in the performance of the Term Sheet.
Contractor shall exercise the same standard of care to protect such information as a reasonably
prudent Contractor would use to protect its own proprietary data.

b. Survival. These obligations of confidentiality shall survive the termination of the
Term Sheet.

23. Insurance.

a. Required Coverages. Without in any way limiting Contractor’s liability pursuant to
the “Indemnification” section of this Term Sheet, Contractor must maintain in force, during the
full term of the Term Sheet, insurance in the following amounts and coverages:
(1) Workers’ Compensation, in statutory amounts, with Employers’ Liability Limits not less than $1,000,000 each accident, injury, or illness; and

(2) Commercial General Liability Insurance with limits not less than $1,000,000 each occurrence for Bodily Injury and Property Damage, including Contractual Liability, Personal Injury, Products and Completed Operations; and

(3) Commercial Automobile Liability Insurance with limits not less than $1,000,000 each occurrence, “Combined Single Limit” for Bodily Injury and Property Damage, including Owned, Non-Owned and Hired auto coverage, as applicable.

(4) Professional liability insurance, applicable to Contractor’s profession, with limits not less than $1,000,000 each claim with respect to negligent acts, errors or omissions in connection with the Services.

(5) Technology Errors and Omissions Liability coverage, with limits of $1,000,000 each occurrence and each loss. The policy shall at a minimum cover professional misconduct or lack of the requisite skill required for the performance of services defined in the contract and shall also provide coverage for the following risks:

   a. Network security liability arising from the unauthorized access to, use of, or tampering with computers or computer systems, including hacker attacks; and

   b. Liability arising from the introduction of any form of malicious software including computer viruses into, or otherwise causing damage to the City’s or third person’s computer, computer system, network, or similar computer related property and the data, software, and programs thereon.

   c. Contractor shall maintain in force during the full life of the agreement Cyber and Privacy Insurance with limits of not less than $1,000,000 per occurrence. Such insurance shall include coverage for liability arising from theft, dissemination, and/or use of confidential information, including but not limited to, bank and credit card account information or personal information, such as name, address, social security numbers, protected health information or other personally identifying information, stored or transmitted in electronic form.

b. Commercial General Liability and Commercial Automobile Liability Insurance policies must be endorsed to provide:

   (1) Name as Additional Insured the City and County of San Francisco, its Officers, Agents, and Employees.

   (2) That such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Term Sheet, and that insurance applies separately to each insured against whom claim is made or suit is brought.

c. All policies shall be endorsed to provide thirty (30) days’ advance written notice to the City of cancellation for any reason, intended non-renewal, or reduction in coverages. Notices shall be sent to the City address set forth in Section 11.1, entitled “Notices to the Parties.”
d. Should any of the required insurance be provided under a claims-made form, Contractor shall maintain such coverage continuously throughout the term of this Term Sheet and, without lapse, for a period of three years beyond the expiration of this Term Sheet, to the effect that, should occurrences during the contract term give rise to claims made after expiration of the Term Sheet, such claims shall be covered by such claims-made policies.

e. Should any of the required insurance be provided under a form of coverage that includes a general annual aggregate limit or provides that claims investigation or legal defense costs be included in such general annual aggregate limit, such general annual aggregate limit shall be double the occurrence or claims limits specified above.

f. Should any required insurance lapse during the term of this Term Sheet, requests for payments originating after such lapse shall not be processed until the City receives satisfactory evidence of reinstated coverage as required by this Term Sheet, effective as of the lapse date. If insurance is not reinstated, the City may, at its sole option, terminate this Term Sheet effective on the date of such lapse of insurance.

g. Before commencing any Services, Contractor shall furnish to City certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A-, VIII or higher, that are authorized to do business in the State of California, and that are satisfactory to City, in form evidencing all coverages set forth above. Approval of the insurance by City shall not relieve or decrease Contractor's liability hereunder.

h. The Workers’ Compensation policy(ies) shall be endorsed with a waiver of subrogation in favor of the City for all work performed by the Contractor, its employees, agents and subcontractors.

i. If Contractor will use any subcontractor(s) to provide Services, Contractor shall require the subcontractor(s) to provide all necessary insurance and to name the City and County of San Francisco, its officers, agents and employees and the Contractor as additional insureds.

24. Indemnification and General Liability. Contractor shall indemnify and hold harmless City and its officers, agents and employees from, and, if requested, shall defend them from and against any and all liabilities (legal, contractual, or otherwise), losses, damages, costs, expenses, or claims for injury or damages (collectively, “Claims”), arising from or in any way connected with Contractor’s performance of the Term Sheet, including but not limited to, any: (i) injury to or death of a person, including employees of City or Contractor; (ii) loss of or damage to property; (iii) violation of local, state, or federal common law, statute or regulation, including but not limited to privacy or personally identifiable information, health information, disability and labor laws or regulations; (iv) strict liability imposed by any law or regulation; or (v) losses arising from Contractor's execution of subcontracts not in accordance with the requirements of this Term Sheet applicable to subcontractors; except where such Claims are the result of the sole active negligence or willful misconduct of City. The foregoing indemnity shall include, without limitation, reasonable fees of attorneys, consultants and experts and related costs and City’s costs of investigating any claims against the City. In addition to Contractor’s obligation to indemnify City, Contractor specifically acknowledges and agrees that it has an immediate and independent obligation to defend City from any claim which actually or potentially falls within this indemnification provision, even if the allegations are or may be groundless, false or fraudulent,
which obligation arises at the time such claim is tendered to Contractor by City and continues at all times thereafter.

25. **Incidental and CONSEQUENTIAL DAMAGES.** Contractor shall be responsible for incidental and consequential damages resulting in whole or in part from Contractor’s acts or omissions. Nothing in this Term Sheet shall constitute a waiver of limitation of any rights that City may have under applicable law.

26. **Liability of City.** CITY’S PAYMENT OBLIGATIONS TO CONTRACTOR OR SUB-CONTRACTOR IS LIMITED TO CITY’S PAYMENT OBLIGATION TO CONTRACTOR AS DETAILED IN THE TECHNOLOGY MARKETPLACE AGREEMENT FOR THE SPECIFIC SERVICES OUTLINED IN THIS TERM SHEET. NOTWITHSTANDING ANY OTHER PROVISION OF THIS TERM SHEET OR THE TECHNOLOGY MARKETPLACE AGREEMENT, IN NO EVENT SHALL CITY BE LIABLE, REGARDLESS OF WHETHER ANY CLAIM IS BASED ON CONTRACT OR TORT, FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, LOST PROFITS, ARISING OUT OF OR IN CONNECTION WITH THIS TERM SHEET, THE TECHNOLOGY MARKETPLACE AGREEMENT OR THE SERVICES PERFORMED IN CONNECTION WITH THIS TERM SHEET OR THE TECHNOLOGY MARKETPLACE AGREEMENT.

27. **Conflict of Interest.** By executing this Term Sheet, Contractor certifies that it does not know of any fact which constitutes a violation of Section 15.103 of the City’s Charter; Article III, Chapter 2 of City’s Campaign and Governmental Conduct Code; Title 9, Chapter 7 of the California Government Code (Section 87100 et seq.), or Title 1, Division 4, Chapter 1, Article 4 of the California Government Code (Section 1090 et seq.), and further agrees promptly to notify the City if it becomes aware of any such fact during the term of this Term Sheet.

28. **Notices to the Parties.** Unless otherwise indicated elsewhere in this Term Sheet, all written communications sent by the parties may be by U.S. mail or by fax, and shall be addressed as provide in the Purchase Order and Corresponding Documents. A party may change the address to which notice is to be sent by giving written notice thereof to the other parties. If e-mail notification is used, the sender must specify a Receipt notice. Any notice of default must be sent by registered mail.

29. **Liquidated Damages.** By entering into this Term Sheet, Contractor agrees that in the event the Services, as provided under Section 5 herein, are delayed beyond the Critical Milestones as provided in the Project Schedule, Appendix C, City will suffer actual damages that will be impractical or extremely difficult to determine; further, Contractor agrees that the sum of $100 (One Hundred Dollars and Zero Cents) per day for each day of delay beyond the Critical Milestones is not a penalty, but is a reasonable estimate of the loss that City will incur based on the delay, established in light of the circumstances existing at the time this contract was awarded. City may deduct a sum representing the liquidated damages from any money due to Contractor. Such deductions shall not be considered a penalty, but rather agreed monetary damages sustained by City because of Contractor’s failure to deliver to City within the time fixed or such extensions of time permitted in writing by Purchasing.
30. Bankruptcy. In the event that either party shall cease conducting business in the normal course, become insolvent, make a general assignment for the benefit of creditors, suffer or permit the appointment of a receiver for its business or assets or shall avail itself of, or become subject to, any proceeding under the Federal Bankruptcy Act or any other statute of any state relating to insolvency or the protection of rights of creditors, then at the option of the other party this Term Sheet shall terminate and be of no further force and effect.

31. Audit and Inspection of Records. Contractor agrees to maintain and make available to the City, during regular business hours, accurate books and accounting records relating to its work under this Term Sheet. Contractor will permit City to audit, examine and make excerpts and transcripts from such books and records, and to make audits of all invoices, materials, payrolls, records or personnel and other data related to all other matters covered by this Term Sheet, whether funded in whole or in part under this Term Sheet. Contractor shall maintain such data and records in an accessible location and condition for a period of not less than five years after final payment under this Term Sheet or until after final audit has been resolved, whichever is later. The State of California or any federal agency having an interest in the subject of this Term Sheet shall have the same rights conferred upon City by this Section.

32. Subcontracting. Contractor is prohibited from subcontracting this Term Sheet or any part of it unless such subcontracting is first approved by City in a written instrument executed and approved in the same manner as this Term Sheet. Neither party shall, on the basis of this Term Sheet, contract on behalf of or in the name of the other party. An agreement made in violation of this provision shall confer no rights on any party and shall be null and void.

33. Assignment. The services to be performed by Contractor are personal in character and neither this Term Sheet nor any duties or obligations hereunder may be assigned or delegated by the Contractor unless first approved by City by written instrument executed and approved in the same manner as this Term Sheet.

   b. Subcontracts. Contractor shall incorporate by reference in all subcontracts the provisions of Sections 12B.2(a), 12B.2(c)-(k), and 12C.3 of the San Francisco Administrative Code (copies of which are available from Purchasing) and shall require all subcontractors to comply with such provisions. d. **Condition to Contract.** As a condition to this Term Sheet, Contractor shall execute the “Chapter 12B Declaration: Nondiscrimination in Contracts and Benefits” form (Form CMD-12B-101) with supporting documentation and secure the approval of the form by the San Francisco Human Rights Commission.

e. **Incorporation of Administrative Code Provisions by Reference.** The provisions of Chapters 12B and 12C of the San Francisco Administrative Code are incorporated in this Section by reference and made a part of this Term Sheet as though fully set forth herein. Contractor shall comply fully with and be bound by all of the provisions that apply to this Term Sheet under such Chapters of the Administrative Code, including but not limited to the remedies provided in such Chapters. Without limiting the foregoing, Contractor understands that pursuant to §§12B.2(h) and 12C.3(g) of the San Francisco Administrative Code, a penalty of $50 for each person for each calendar day during which such person was discriminated against in violation of the provisions of this Term Sheet may be assessed against Contractor and/or deducted from any payments due Contractor.

Contractor is required to comply with all of the applicable provisions of 12T, irrespective of the listing of obligations in this Section. Capitalized terms used in this Section and not defined in this Term Sheet shall have the meanings assigned to such terms in Chapter 12T.**

   b. **The requirements of Chapter 12T shall only apply to a Contractor’s or Subcontractor’s operations to the extent those operations are in furtherance of the performance of this Term Sheet, shall apply only to applicants and employees who would be or are performing work in furtherance of this Term Sheet, and shall apply when the physical location of the employment or prospective employment of an individual is wholly or substantially within the City of San Francisco. Chapter 12T shall not apply when the application in a particular context would conflict with federal or state law or with a requirement of a government agency implementing federal or state law.**

37. **Reserved.**

38. **Reserved.**

39. **Drug-Free Workplace Policy.** Contractor acknowledges that pursuant to the Federal Drug-Free Workplace Act of 1989, the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited on City premises. Contractor agrees that any violation of this prohibition by Contractor, its employees, agents or assigns will be deemed a material breach of this Term Sheet.
